Theme Exemplifies Spirit of Senior Week Nears

by Bernie Segel

The theme of this year's Senior Week is "Exemplars." The idea, as stated by the planning committee, is "to bring together the ideals of the best that is in mankind." The week will begin Monday, May 22, and end Monday, May 29, with Senior Week exhibitions. There will be something of interest to all students.

Sigma Sigma Carnival Saturday

Ugly Man' Highlights Fete

Sigma Sigma's carnival will be held on Saturday, May 23, in the university's Armory Fieldhouse. The festivities begin at 7:30 p.m., and continue until 11 p.m. Tapping for Sigma Sigma will begin about 10:30 p.m.

There will be 20 booths, plenty of new cotton candy. A little of the highlight of the night will be the "Ugly Man" contest run by the Nu Kappa Lambda. This contest will be open to any member of the Sigma Sigma fraternity who may try to make up one of its members as an ugly man. A trophy will be awarded to the fraternity with the most ugly contestant.

In another old favorite the men will have a chance to prove their manual abilities by pounding a car with a sledge hammer. Trophies will also be awarded to the fraternity and sorority having the most beautiful, most popular, most carnival-like booths.

Door prizes will amount to several hundred dollars in gifts. Tickets for the various booths can be purchased at the door or from Sigma Sigma members circulating through the crowd. The price for most popular booth will go to the one receiving the most tickets.

The proceeds of the Carnival will be turned over to President Milt Iram, director of admissions and assistant dean of the College of Arts and Sciences. The proceeds will be used by the Historic Buildings Fund, to acquire fine arts objects to be given annually to the university, as stated by Judy Green, Bus. Ad. '63, Carnival Chairman. He continued, "We know everyone will have a fine time at the event and it is for a very worthy cause." Sigma Sigma is a man's honorary whose members wear black robes at tapping ceremonies. Their symbol is the skull and crossbones.

A student attempts to see how big a bite he can take at last year's Sigma Sigma Carnival, Cincinnati. By Bernie Segel

Cincinnati Society Selects 27 Students As Members

Girls Chosen for Ivy Chain To Join In Baccalaureate

The Ivy Chain for 1960-61 will consist of 36 girls. The Ivy Chain has been in existence since 1869, and is the second oldest student organization in the nation. The chain will be given to those exhibiting the best in personality, scholarship, and leadership.

The Junior girls chosen for the 1960-61 Ivy Chain are选择 by the Junior Class Advisory Board. The selected girls will participate in activities and academic 
1960-61.

Other honors and awards: girls are eligible in Nutrition and Health. They are: Pharmacy, A&S '64; Barbara Federbush, Med. Center; Joyce Clark, AA '61; new Omicron Delta Kappa, A&S '62. They also received the annual scholarship to the freshman man Seniors chosen for the Ivy Chain were Judy, $1.75, for adults and 85 cents for the general body."

The speaker will be Joseph E. Revere, the Reverend Milko Beran, starting May 18.

The Reverend Milko Beran said that the university, "is a very worthy cause." Sigma Sigma is a man's honorary whose members wear black robes at tapping ceremonies. Their symbol is the skull and crossbones.

The proceeds of the Carnival will be turned over to President Milt Iram, director of admissions and assistant dean of the College of Arts and Sciences.
English Club Aids Creative Thinking

Last semester the English Club was formed to fulfill its obligations to the student by encouraging creative interests and intellectual pursuits and stimulate the student's thinking through discussion groups. Some of these have been led by students, others by guest speakers.

In the past the club has offered students an opportunity to read their own works, and club members have given their criticisms of them. Professional writers have been discussed, and the club gave a tea for Elizabeth Bishop, Richard Eberhart, when he was on campus presenting public lectures. Plans for next semester will include attendance of dramatic presentations in the vicinity and a review on them at the following meeting.

The English Club's last meeting was held May 15. Gerard Malanga, AA '64, gave a comprehensive lecture on the modern poets William and Daisy Alden, reading from their works with critical introductions; and a reading of the final version of his own poetry, and essay on his Poetics.

Malanga then turned to a Willard不少人's poetry, in that he finds the poet a marvelous inexhaustible source to gain insight into his work. He is a symbolist poet, speaking in terms of indirect metaphorical speech meant to carry or to suggest a hidden reality.

The Congress of Racial Equality (CORE) protested the University of Cincinnati Junior class's selection of Moonlight Gardens for the Junior Prom in letters to University President Walter C. Langsam and City Manager C. A. Harrell.

The basis of CORE's protest is that Moonlight Gardens discriminates against Negroes, as CORE said its members determined by a test of the facilities on April 29. Although all University students were allowed to attend the prom, the choice of the Gardens as the site for this year's event was based upon CORE members' support of a business whose normal policies are in direct violation of state law and of the democratic ideals of the University.

University officials pointed out that the decision to hold the prom at Moonlight Gardens was made by vote of the Junior Class last November. At that time there were no protests, and no protests were heard, until the week in which the prom was to occur.

CORE is an interracial group utilizing direct, non-violent action to end discrimination based on skin color, national origin or religion.

OLD GRADS NEVER DIE

In just a matter of weeks many of you will be graduating—especially seniors.

You are of course eager to go out in the great world where opportunities are limitless and chance nonexistent. At the same time your hearts are heavy at the thought of losing touch with so many classmates you have come to know and love.

It is my pleasant task today to assure you that graduation need not mean losing touch with classmates; all you have to do is join the Alumni Association and every year you will receive a bright, newsy, chartey bulletin, full of information about all your old buddies.

Oh, what a red-letter day it is at my house, the day the Alumni Bulletin arrived! I canceled all engagements, took the phone off the hook, dismissed my maid and expected to relax outside, and settle down for an evening of pure pleasure with the Bulletin and (need I add?) a good supply of Marlboro Cigarettes.

Whomever I am having fun, a Marboro makes the fun even more different. That filter, that flavor, that pack or box never fails to heighten my pleasure whether I am watching television or playing bridge or knitting or reading a magazine or enjoying any other form of pursuit you might care to except, of course, spearfishing. But then, how much spearfishing does one do in Closed, New Mexico, where I live?

But I digress. Let us return to my Alumni Bulletin and let me quote for you the interesting tidings about all my old friends and classmates.

Well, fellow alumni, it certainly has been a wing-dinger of a year for all of us old grads! Remember Mildred Cheddar and Harry Cunembert, those crazy kids who always held hands in the halls, went to the prom and (need I add?) a good supply of Marlboro cigarettes. He has just given birth to a lovely 28-pound daughter, her second in four months. Nice going, Mildred and Harry!

Remember Jethro, the man who voted most likely to succed? Well, old Jethro is still going strong. Last week he was seen "Motorcycling of the Year" by the following description in the DuButh这条街 system. "I love to see his biceps," said Jethro. "It's a characteristic most acceptable aspect of the 28-pound daughter."

Remember Jethro Brie, the man we voted most likely to succeed? Well, old Jethro is still going strong. Last week he was seen "Motorcycling of the Year" by the following description in the DuButh这条街 system. "I love to see his biceps," said Jethro. "It's a characteristic most acceptable aspect of the 28-pound daughter."

Probably the most glamorous time of all alumni was had by Fred Cunembert, who was on a big game hunting safari all the way to Africa! We received many interesting post cards from Francis until he was, alas, accidentally shot and killed by his white hunter; Tough luck, Francis!

Wilma "Dendey" Macomber, widow of the late beloved Francis Macomber, was married yesterday to Fred "Bosworth" Quimby, white hunter, in a simple double-ring ceremony in Nairobi. Good luck, Wilma and Fred!

Well, alumni, that just about wraps it up for this year. Keep 'em flying!

Sophomore Class For 61-62 Prepares For Spirit Banquet

On May 9 the newly elected sophomore class officers met with Dean Steury and Dean Stuart, faculty advisors for the coming year. The purpose of the meeting was to discuss plans for the second annual Spirit Banquet to be held next fall.

The banquet is part of the orientation program for incoming freshmen. The entire banquet and mixer is arranged and carried out by the sophomore class under the class officers. General Chairman for the banquet is Alphonse Papke, sophomore class Treasurer.

Delta Tau Delta Emerges Victorious in Annual Sing

The banquet is going to be held on September 23, in the great hall of the student union. Tickets will be made available to the incoming freshmen prior to the banquet.

The selection of Miss UC freshman will be made at this dinner. Petitions for committee chairs and members, have been made available through the fraternities, sororities, and the dorms, or they may be picked up at the Union desk. The petitions must be returned to the Dean of Men's office by Friday, May 26.

Delta Tau Delta emerged as victor in the Sing held last Sunday in Wilson Auditorium. Runners up were Pi Kappa Alpha, Sigma Alpha Epsilon, and Theta Chi.

The winning Delts were directed by Sam Fisher, Eng. '62. 'Their song was "Feet Up."' Sigma Alpha Epsilon was directed by Tom Williams, A&S '62, sang "Give Me Your Tired, Your Poor."

A total of nine fraternities were entered in the competition part of the program. Four sororities and one fraternity also sang but were on a non-competitive basis.

Fisher credited the Delt victory to teamwork and group spirit.

Inspectors General's Team Views All Army ROTC Facilities At UC

Thursday and Friday, May 11 and 12 saw the annual visit to the University Campus of the Inspectors team from the Inspector General's office. The purpose of this task was to inspect the facilities of the Army ROTC program here at the University of Cincinnati. The inspecting officers and enlisted men inspected all phases of the program here: the classroom techniques, filing system, brigade staff functions, and complete all plans and training that go into the preparation of a student to accept a commission in the United States Army.

Sports car spice never came in so many varieties...Chevrolet

You're a fellow with even more or less normal driving habits who's looking for a change of pace. Or maybe you're a red-hot sports car buff. Either way, you'll find the fastest reflex for that tantalizing itch in your driving foot at your Chevrolet dealer's One-Stop Shopping Center. He's got cars that run the sport gamut like no others—nimble Corvair Monzas (2- or 4-door), charged-up Impala Super Sports (5 different body styles) and the kingpin of production sports cars, the Corvette. You can take your choice without chancing all over town. They're all stablemates under the same roof!

SCHOLARSHIPS

Chevy Corvair Monza Club Coupe Nessie behind the wheel in one of those bucket front seats and see what Corvair's rear-engine design has done for steering. Driving that brings to mind those evasive stops. Traction that clings like a fiend.

CORVETTE

It's the pinnacle machine in America's sports car performance—the kind that leaves as a wonder, a couple of dollars. Strong, but expensive? Foreign-built jobs could claim before Corvette began stealing their thunder in open competition.

See the new Chevrolets at your local authorized Chevrolet dealer's...
Letters to the Editor

To the Editor:

This may or may not be true, but I wish to record the situation that Jerry Fey has a 25 ft. campus penthouse; occupied at the beginning of each week by blindfolded and barefooted students who have sharpened dart, and pitches it full of targets at the end of the week. These students come in and out of this phenomenon quite frequently. (1) the operating system of相爱

(2) the operating process in general

(3) the intelligence of the EC engineer in particular

(4) the intelligence of the EC Electric Company to overlook their responsibility for the welfare of the students.

Just one of those subjects is sufficient to fill a full year's work in the Electrical engineering courses. However, I have no statistics to prove my point. In any case, Mr. Fey is either one of the most liberal-minded students of his period, or else he's just another insane Winchellite. His methods can be dismissed summarily as the utterance of the mind. When we hear the statistics from friends and from the eyes of our own eyes, we have a right to know (see the ads in the Wall Street Journal, April 1, 1938, any issue), that the sphere of the modern engineering is as clear as the "world of formulas" that old Pitiful-contented, the well-trained student will follow the most dominant force in the Engineering world today, by dint of his superior education and physical stamina during his time of schooling.

**Psychiatric Method Shown By UC Pros**

A new tool enabling the psychoanalyst to increase his awareness of his emotional reactions to individual patients—and hence to aid his fuller understanding of patient’s problems—was described el Friday in Chicago by two University of Cincinnati College of Medicine psychiatrists.

Dr. W. Donald Ross and Frederick T. Kopp, associate professors of psychiatry, presented a technique by which the analyst can examine systematically what is going on in his own mind in response to what the patient is telling him at particular times in the course of psychoanalysis.

The technique consists of a use for dreams told by the analyst over and beyond their traditional use in understanding the patient's unconscious.

Dr. Ross and Kopp pointed out that the analyst, who often spontaneously pictures the patient's dreams in his own mind, can, by paying attention to these visual images, recall events and feelings, in his own experience which may reveal more about how he is reacting to what the patient has been telling him than he previously realized.

"This knowledge can then be used for further understanding of the patient and for decisions on interpretations which would be most helpful in treatment," the UC physicians said.

Dr. Ross and Kopp spoke at the annual meeting of the American Psychoanalytic Association on "Use of Self-Analysis as Countertransference."

They pointed out Freud considered that countertransference came in the physician "as a result of the patient’s influence on his unconscious feelings" and he stressed the need for the analyst to "recognize this countertransference in himself and overcome it."

The UC psychiatrists counseled analysts how to make use of countertransference to help their patients. Until they wrote a paper on the subject which won the Frances Alexander prize offered by the Institute for Psychoanalysis, Chicago, little had been written specifically on methods by which the analyst can increase his awareness of his own reaction to the patient.

Cats Tie Wichita For Net Title

Kline Wins MVC Singles Championship
Teams With Kunz For Doubles Honors

By Allen Quimby

UC's tennis team took a big step toward a Missouri Valley Conference title yesterday, when the Bears swept singles with a win over the Wichita State Shockers. The Bears, who have won all three previous MVC meets, took three of the four singles with a win over the Shockers.

The Bears won the doubles over the Shockers in the first round, and then took the singles with a win over the Shockers in the second round. The Bears then went on to win the conference championship, defeating the Shockers again in the third round.

The Bears then took the conference championship, defeating the Shockers again in the third round.

NTS Wins Golf Crown - Cincy Third

The University of Cincinnati golf squad placed third in the Missouri Valley gold tourney held in Tulsa, Okla., last Thursday and Friday.

The Bears went on to win the conference championship, defeating the Shockers again in the third round.

The Bears won the doubles over the Shockers in the first round, and then took the singles with a win over the Shockers in the second round. The Bears then went on to win the conference championship, defeating the Shockers again in the third round.

Norm's Notes
The Last One

by Norm Atken

New Old Record sports editors don't fade away, they just graduate. This is what is about to happen to this sports editor.

As I sit here in the NR office writing my last column, I am filled with mixed emotions—sad of having to leave the school, news papers and the job I have come to enjoy so much, and yet happy as I look back on all the enjoyable experiences of the last four years.

A sports editor, like any editor, has many headaches and problems, but my job was made a great deal easier by the help which I received from so many people. I want to thank these people in the remainder of this column.

Thanks to Mr. Smith and Mr. Schwarz for their cooperation and support over the last two years. Thanks to Bob Blaney and Jeff Henschelmann for all the information they have so willingly supplied me and my staff. We would also like to express our appreciation for the help coaches Glen Sample and Paul Hartlieb gave my staff in covering wrestling and swimming.

Thanks to coaches Ed Tucker, Tony Baker and John Powlus and the Bearcats for providing me with the greatest thrill of my life. It was quite an honor to be on the scene when the Bearcats won the NCAA championship. To those students who will be fortunate enough to be at UC next year, take advantage of the opportunity to see as many UC basketball games as possible. You'll be seeing the best college basketball in the United States.

The best of luck to Carl Bouldin and Bob Wiseboom in their future athletic endeavors. I'm sure their names will appear on the sports pages quite often in future years.

No editor can ever hope to put out his part of the paper without the help of his staff. I have had the best. My responsible assistants for the past two years, Charles Muller and Hank Graden, have contributed more time and effort than I could have ever asked of them. The same can be said of Mr. Blaney and Jeff Henschelmann. The same can be said of Mr. Blaney and Jeff Henschelmann.

No editor can ever hope to put out his part of the paper without the help of his staff. I have had the best. My responsible assistants for the past two years, Charles Muller and Hank Graden, have contributed more time and effort than I could have ever asked of them. The same can be said of Mr. Blaney and Jeff Henschelmann.

Charles has been true of my reporters. Gary Sister, Bob McCarthy, Steve Weber, Dick Kline, Allen Quinty and others.

Erlie Monde, News Record photographer, has spent numerous hours working on sports pictures. He did the work of three photographers in covering the NCAA finals for both the News Record and the Cincinnati.

Pi Kappa Alpha To Select Campus
61 Dream Girl At Weekend

Coverage

Allegheny
Peps
Smscher
Trot

June 24 is the date for the annual Pi Kappa Alpha weekend party. The high point of the weekend will be the crowning of the campus dream girl. Under the leadership of Lynn Henley, TC '62, present, Dream Girl will move into the Pike house on June 2 after 5 p.m. Dinner will be served at the house followed by a party on the roof of the Chippewa party boat. June 3 is left free for couples to plan their own entertainment. Popular events are River Days and the Drift, Canoe Island, and local movies. Celebrating the day is a cock- tail party, dinner, and formal dance at the Paradise Carriage in the Netherlands Hilton Hotel. At this time the new dream girl will be crowned. A piece at Mt. Airy Park is planned for Sunday, ending the weekend of festivities.

ALUMNI ANNOUNCEMENT

Class of 1943 Reunion

June 5 at the Country Club at 6:30 p.m. Alumni from the Class of 1943 are invited to attend.

Pi Kappa Alpha To Select Campus
61 Dream Girl At Weekend

Coverage

June 24 is the date for the annual Pi Kappa Alpha weekend party. The high point of the weekend will be the crowning of the campus dream girl. Under the leadership of Lynn Henley, TC '62, present, Dream Girl will move into the Pike house on June 2 after 5 p.m. Dinner will be served at the house followed by a party on the roof of the Chippewa party boat. June 3 is left free for couples to plan their own entertainment. Popular events are River Days and the Drift, Canoe Island, and local movies. Celebrating the day is a cock- tail party, dinner, and formal dance at the Paradise Carriage in the Netherlands Hilton Hotel. At this time the new dream girl will be crowned. A piece at Mt. Airy Park is planned for Sunday, ending the weekend of festivities.

 Lambda Chi’s Select Nine
To Compete For Crescent Girl

The members of Lambda Chi will be planning their spring socials in anticipation of the announcement of the 61st Crescent Girl, who will be chosen by the men of Lambda Chi from among nine candidates. The candidates, for Crescent Girl are Emily Biddinger, Lambda Chi, Karissa Boile, Theta Phi Alpha, Carmella Fuentes, Chi Omega, Pam Gruber, Theta Phi Alpha, Sue Lash, Kappa Alpha Theta, Jane Waters, Delta Delta Delta, Sandy Miller, Chi Omega, Ann Sanderson, Delta Delta Delta, Sus Sasser, Delta Delta Delta.

The committee of candidates consists of eight Lambda Chi men and one woman. The committee met recently to begin the task of selecting the nine candidates for Crescent Girl. The selection was made by the committee members after considering the qualifications of the candidates. The final decision was made by the Lambda Chi men.

The nine candidates were chosen based on their overall performance and their potential to represent Lambda Chi. They were selected from a pool of more than 50 candidates who were nominated by the Lambda Chi men. The candidates were interviewed by the committee and evaluated based on their academic performance, leadership qualities, community involvement, and personal qualities.

Lambda Chi hopes that the selection of the nine candidates will be a successful one for the Lambda Chi men. They are confident that the selected candidates will be able to represent Lambda Chi in the best possible way. They are looking forward to the announcement of the 61st Crescent Girl and to the upcoming events that will be organized to celebrate her.

Jazz Enthusiasts Form Trio
For Competition And Work

by Nancy Pundack

Jazz, most popular of all modern music, has found three formidable enthusiasts here at UC.

Recently, Sig Eps Steve Paul, A&E '54, Tom Miller, A&E '51 and Tom Walker, BA '45 have formed a group known as the Steve Paul Trio.

Earlier in the year the boys got together to work something out for the Metro Talent Show. They had no intention of ever working together seriously until Steve's brother sent them a clipping about a college jazz festival, when they decided to work out an arrangement.

At the end of April they went to Notre Dame to compete with 50 of the best college jazz combos.

Steve has played in night clubs with a Dixieland band for about three years and played at the French Link Jazz Festival two years ago. His instrument is piano. He is one of the freshmen recently tapped for Sophos, the campus honorary, for sophomore.

Tom Miller plays bass and adds a little comedy to the act.

Tom Walker was the lead drummer in the Withrow Monstrels and teaches the drums. He also plays with the "Teen Tones."

"We strive for a type of jazz that appeals to all without getting too progressive which would limit it to a certain few," says Paul of the group. "We don't get together to work anything out. We play musical arrangements that are designed just for listening pleasure."

The future of the group seems bright even though the boys will not stay together over the summer. They hope to get booking at night club some time next year besides competing again at Notre Dame.

Alpha Kappa Psi
To Initiate Twelve

Elia Chapter of Alpha Kappa Psi, professional business fraternity, will initiate twelve new members Friday, May 26, at the Netherland Hilton Hotel. The pledges and their officers are Pete Weron, '63, president; Ron Brecher, '63, vice-president; Jacob Allen, '64; Phil Davis, '62; Rod Eilmore, '63; Ed Freeman, '61; John Haseman, '63; Don Jacobs, '63; Russ Lewis, '62; Dan Reo, '63, and Larry Wright, '62. Dr. Glenn Y. tanker, East-Central Regional Director, will attend the initiation.

A brief ceremony will also be held to serve as a chapter farewell to the graduating senior members. These seniors are Steve Rau, Walt Easter, Richard Gehing, Dale Gudelling, James Heck, Gene Klippe, and Mark Findieck.

The Alpha Kappa Psi Scholarship Key was also awarded to Paul L. Smith, BA, '62. This key is awarded annually to the junior male student, working for a degree in the College of Business Administration, who has attained the highest scholastic average for his first four years of work on the cooperative plan.

In the final army review held May 11 to initiate local observances of Armed Forces Day, certificates of achievement were presented to outstanding members of each class, to supersede ROTC rifle team members, and to the most proficient company of the cadet corps.

Awards and their recipients included:
- The Chicago Tribune Gold Medal: Dean Windgassen, BA, '62.
- The Professor of Military Science Certificate of Achievement: William Schenckings, Eng., '63; Paul Schenckings, BA, '41; Ralph Shelton, BA, '41; Robert Sherman, Eng., '63; Allen Stenshjem, BA, '63, senior class certificates.
- Mark Allen, A.S., '55; James Osyoot, BA, '52; Gunther Hennig, BA, '44; Robert Plagem, A.S., '63.

The Army-Air Force Rifle Match Trophy: Raymond Sturt, A.S., '63, received the award as Army team captain.

The Brigade Honor Company Award for 1960-61: Company B, First Battle Group, received by Cadet Captain John Henthorn, Eng., '62, commanding officer.

Single Unique Film To Be Offered
At Sigma Kappa Sigma

"Around the Campus in Eighty Ways" is coming your way on May 26 at the Sigma Kappa Sigma Cerrival. This epic production is the result of a Phi Delta effort to achieve something unique for the annual charity carnival.

The movie was shown in the best at the north end of the fieldhouse. Sigma Kappa Sigma ran about twenty minutes and will be held as often as the house attendance warrants it.

In charge of the filming, which was done last Saturday, were Larry Kennedy and Alan Thompson. The all-day cameraman was Skip Algyre, Inhouse. Showings will run about, warrants it.

was done last Saturday and Iony Thompson. The all-day was announced and the house. This epic production is the result of a Phi Delta effort to achieve something unique for the annual charity carnival.
