'Farewell Not Easy' Says Bearcat Captain

by Tony Yates

I have never been good at saying farewell and, although this will sort of represent one, I hope it isn't. The many experiences that I have had at UC will be held high in my thoughts for years and years.

It is always difficult to part with something that you like so very much. So I am going to resort to one of my selfish moods and in doing so I will try to take with me in my memories many of the things that have meant so much to me during the past four years.

From the struggling and doubts of my freshman year, I went to a jubilant sophomore year, a triumphant junior year, and an eventful and rewarding senior year. Together all those adjectives represent an undefinable number of intangible rewards. My thanks goes out to all of you that have been a part of my life during these years for I owe so much to you for helping me have such rich experiences.

Now on to what this column is supposed to be about, that is, basketball. I think it would be fitting to give a brief analysis of the championship game. There is no one point that we could put our finger on and state that this was the reason for our disappointment.

But I can sort of reveal the situation in the statement, "It's like catching the biggest fish in the pond, removing him from the hook, only to have him slip to freedom." A situation such as this should be viewed from more than one angle.

True, to lose this ball game was disappointing to the team, coaches and Cincinnati followers. But from another standpoint, we were taught a very important lesson which is asking 'the bitter with the sweet.' And maybe this lesson came at the proper time, for after being on sweets for such a long time, it is bound to result in a bad tooth.

In closing, I would like to extend my thanks to Stan Shulman, Sports Editor, for asking me to be a part of his staff, and thanks also to those helpful and understanding members of the News Record staff, namely Veronica Tyrich, Jane Lightfield, and Glenn Stoup.

A victorious season for Loyola, but will they keep it in '64?

Below: Shingleton drives and shoots. He missed but Wilson tipped it in with 16:48 to go in the second half of the Loyola game.
Tony Yates dribbles up the court with 13:13 to go in the first half of the heart-breaking Loyola game. Also in the picture is Miller of Loyola, UC's Bonham, and Harkness of Loyola.

Wilson stuffs one after receiving a full-court pass from Tony Yates following a traveling call on Oregon State in Friday night's game.

Coach Jucker talks with team doctor Don Jacobs about Tony Yates' abdominal pains. Dr. Jacobs managed to get Tony fixed up as shown by the picture at the right.
Bearcat cheerleaders wait to greet the team with smiling faces as the 'Cats lead Loyola, 29-21, at the half. Later, these smiles changed to worried, then anxious and finally shocked expressions.

UC's jumping-jack Tom Thacker spins away from Ron Miller of Loyola and hits a jumper from five feet out. In addition to scoring 14 markers, Thacker pulled down 15 rebounds making him high man in that department.

An anxious Jucker maps Bearcat strategy during a time-out with just 4:25 remaining in regulation play and UC clinging to a narrow 50-48 edge over the fast-closing Ramblers.

Bonham lets go with a fifteen footer from the corner in the second half to push UC into its longest lead, 45-30, with 14:24 left. Loyola's Ron Miller takes a futile fling at the ball in an attempt to block the goalward shot.
Scrambling Ramblers Late Rally Slices Bearcats’ 15-Point Second-Half Lead

LOUISVILLE—The UC Bears frittered away a 15-point lead in 14 minutes, going scoreless from the field from Ron Bonham’s long jumper at 14:00 to Tom Thacker’s driving lay-up at 4:06 remaining (a period of 13 minutes, 14 seconds), as the ‘Cats dropped their bid for a history-making third consecutive NCAA crown Saturday night when Loyola of Chicago nipped UC 80-58 in overtime.

We Roostered a 64-jumper from Nashville, Tenn., tipped in Eas Hunter’s missed 16-footer jumper with only a second left in the overtime period for the victory.

The Bears were plagued badly by fouls beginning midway through the second half when they were still leading, 43-33. At 11:23 Tony Yates picked up his second foul; at 10:21 George Wilson committed his fourth, an offensive foul; at 9:30 Yates fouled Jerry Harkness for his third; at 6:14 Tom Thacker committed an offensive foul, his fourth; and at 5:22 Yates was charged with his fourth.

As a result of this foul situation, Jucker’s defensive-minded ball players were forced to loosen considerably their pressure defense, and the Ramblers were able to score, primarily on inside shots and tips, often enough to knot the score, 54-54, after 40 minutes of basketball.

Yates, who hold Oregon State star Jerry Baker scoreless Friday night, put the clamps on Loyola’s All-American Jerry Harkness, keeping him from entering the scoring column the entire first half.

Loyola had a mammoth advantage of 39 more shots attempted from the field, and connected for one more fielder than the ‘Cats. Shooting percentages were ridiculous, showing UC hitting 48.9 per cent and the Chicago club 21.2 per cent.

Key statistic, however, must be UC’s 16 turnovers, whereas Loyola’s crew committed only three, the same number UC committed in downing Ohio State two years ago, ironically, in overtime.

With UC on top 50-48, 1:44 left, and the Cats in their outside weave, Harkness foiled Yates who earned the first of two free throws. Wilson rebounded the shot, and at 1:22 Thacker missed a one-and-one situation. Hunter rebounded the attempt and 10 seconds later was awarded a fielder on Wilson’s goal-tending call, pulling the score to 51-50. Thacker drove the length of the floor to score at :06, making it 53-50.

The missed-goal-tending play next occurred at :35, with Roos pulling down the rebound. Eight seconds later Hunter tipped in Harkness’ missed shot to push the score to 55-50. Five seconds later, Harkness foiled (Continued on Page 7)

Jucker Cites Fouling As Cincy’s Downfall

The following was Coach Jucker’s statement immediately after the loss to Loyola in a press conference at Freedom Hall:

‘First, I want to congratulate Loyola, the national champions, especially for their ability to play well in the overtime. They are a fine team and a well-coached team. Our getting into foul trouble hurt us; we had three players with four fouls, and that hurt us for the last four minutes of regulation time and in the overtime period.

We have no excuses. We shot 48.6 per cent; they shot 38 per cent but took forty more shots than we did. We had a wide rebounding margin in the first half but I haven’t seen the second half statistics yet.

George (Ireland) said he beat me at my own game but that’s only true for the last 1:45, not for the entire game. We had scouted them once, last night, and of course we played in that Chicago doubleheader with them.

Our kids were great and I have much admiration for them. We lost as a team and my kids are proud of that. They are a fine team and a well-coached team. We had three players with four fouls, and that hurt us for the last four minutes of regulation time and in the overtime period.

With the track season now under way, golf opening tomorrow, and the baseball squad scheduled to begin Saturday, the spring sports season will soon be in full swing.

The Bobcats have enjoyed an excellent 1-2 record. Coach Bill Schwarzbach returns four letterwinners from last year’s squad—seeed lettermen, as well as a pair of freshmen who are making a strong bid to tackle an ambitious 18-game card this spring.

The seniors are John Ehlen (who averaged 73.07 strokes in match play last year), junior Tom Dyer (104.6), junior Bruce Rotte (70.02), and senior Carl Burgess, who will be returning non-monogram winners are senior Ed Kaegi and junior Walter Sample, who will open against Bowling Green.

The Bobcats will have an excellent 13-1 record, Coach Schwarzbach feels he has a slim margin to 46-29 to clinch the Ohio Intercollegiate Athletic Conference golf title. The University of Cincinnati erupted and inside; Baker was back in the driver’s seat.

The contest began very similarly to last season’s Western States Conference final, which was previously only by Ohio State in the tourney’s 25-year history. The Bobcats and Bears are each in the top four of the Missouri Valley Conference, and a pair with Xavier, Dayton, Villa Mater and Miami. The Missouri Valley Conference tourney, a two-out-and-fair, will be held in early May at either St. Louis or Peoria.

The UC baseball team will play a 27-game regular season schedule and also compete in the MVC championship tournament.

The UC baseball team will play a 27-game regular season schedule and also compete in the MVC championship tournament.

The diamond, men’s in their third successive appearance in the NCAA post-season NCAA record previously attained only by Ohio State in the tourney’s 25-year history. The Bobcats and Bears are each in the top four of the Missouri Valley Conference, and a pair with Xavier, Dayton, Villa Mater, and Miami. The Missouri Valley Conference tourney, a two-out-and-fair, will be held in early May at either St. Louis or Peoria.

This will include an invitational meet at Indiana which will in turn prepare the Ohio Intercollegiate Tournaments and the MVC meet.

For the Bearcats, it marked another National Title against the Volunteers and a pair with Xavier, Dayton, Villa Mater and Miami. The Missouri Valley Conference tourney, a two-out-and-fair, will be held in early May at either St. Louis or Peoria.

We will begin the day with a stimulating seminar on Hitite artifacts. Then we will go over to marine biology and spend a happy hour with the sea shells. Then we will open our pores by doing a belly rub with the ROY Band. Then we will cleanup and tear out the front page. Then we’ll go to the medical school and hear ‘em talk about it. Then we’ll go play the radio and have lunch.

In your quest for a college degree, are you becoming a narrow specialist, or are you being educated in the broad, classical sense of the word? This question is being asked today by many serious observers—educators, historians, and urban geographers.

If we do not, we are turning, alas, into specialists. How true? If the one thing that you can do well is your subject, and it’s the best you can do, why not do it? If we do, we are becoming the modern man.

It is the modern man who will slink away in silent abashment. We will reply that we are not going to take sides in this battle. We are just going to be ourselves.

In the high summer of our lives we will find a comfortable place, and we will sit down and look at the stars, and we will think about things, and we will not be afraid. We will be ourselves.

How true? If the one thing that you can do well is your subject, and it’s the best you can do, why not do it? If we do, we are becoming the modern man.

UC Puts Two On Wheaties

Two Beatnuts, Tom Bonham and Tom Thacker as usual, were named to the most-red-blooded all-American team of them all, the Wheaties Sports Foundation squad, selected by the 1963 National Association of College Basketball Coaches.

Coach Heyman of Duke received the top number of ballots to rank as the outstanding member of the first team, while Bonham placed second.

Rounding out the squad are Colorado State's Bill Green, 6-4 and 215 pounds, who averaged 13 points per game, and Jerry Haskins of UCLA, Mel Counts of Oregon State, Rod Thorn of West Virginia, and national scoring leader Nick Werkman of Seton Hall.

Results In On FT Tourney; Marksmanship Starts Soon

Rifle entries were due yester-

day with the intramural tourna-
ments set to begin April 4. Due on or before April 14, with the games starting April 2, are the entries for softball.

Now complete is the entire list of entries for individual and team scores in last week's free throw tournament. Heading the list is three-time win-
er Tom Kennedy of SAE with a high 58 followed in the runner-up posi-
tion by Dave Glick of Pi Lambda Phi with a cool 55. Close behind were Gerald, Lambda Chi Alpha 54; Webb, Pi Kappa Alpha 50; Enoch, Arcadia 52, with a tie between Anderson of Lambda Chi and Goodwin of Theta Chi at 50. Popping in 49 were Kriveloff, Pi Lam; Budd, Phi Kappa Theta;

Lang, Alpha Sigma Phi; Mason, Sigma Chi; Kupa, Sigma Phi Ep-
sion and Volgeia, also of Sig Ep.

In team competition, last year's university runners-up, Sigma Epilson with a 225 total, taken from the top five entrants, took top honors. On the winning squad were Volgeia, Kurtz, Fieger, Buenger and Ehrle, in third place for second Pi Lambda Phi, Lambda Chi Alpha and Delta Tau Delta all pipped in 220's. On Pi Lam's squad were Gliek, Kriveloff, DuPont, Schoobach and Sofia, On Lambda Chi—Gerald, Anderson, Bredon, Diller and a Buck while the Delta bombers included Ewing, Zemans, Waks, Good-
riddle and Anderson on their top five list.

Tourney Notes

by Stan Shulman

As the Bearcats have passed through Larry Shingleton's hometown of Madison, Indiana, Thursday on the journey to Louisville, they received a police escort ("only cop car in town," said Gene Smith) to Madison High, renamed "Larry Shingleton High School" for the day. The entire population turned out, and the city wished the 'Cats the best of luck.

The only other time Loyola and UC met was in 1955 in Chicago when the Bearcats triumphed, 75-73.

A total of 273 radio stations broadcast the championship game Saturday night.

Early Friday afternoon Coach Assistant Tony Bakker prophesied that Loyola would reach the finals by easily defeated Duke.

The ticket situation in Louisville was simply amazing, as du-
cats were being traded for greenbacks at an alarming rate, es-
specially Thursday night and all day Friday. And the going rate for the tickets was as much as $500 per set (for both nights). I was approached by a fellow trying to resell tickets for $100. I think he got his price, too, but not from me. Scalloping was so rampant that one of Louisville's finest approached me for tickets.

Among those former Bearcats at the games and in the hotel were Ralph Davis and Paul "Duke" Hoppe. Saturday afternoon Hoppe told me that the Bearcats could beat Loyola but that "We'll have to get some boards, i.e. rebounds."

I spoke to Eddie Molvin, University of Toledo head basketball coach, Saturday, and he offered the opinion that had Loyola not lost its top three substitutes because ineligibility the Ramblers would have been more. He said that he felt the championship game would be a real toss-up unless Loyola got into even slight foul trouble.

For some reason in this tour-
ney, the 'home' clubs in each game wore their dark road uni-
forms.

For the first time in three.
years the majority of the Free-
dom Hall crowd was pulling for the Bearcats.

The Bearcats were housed the top floor (16th) of the K
ucky Hotel, while OSU was the floor below. Staying at Sheraton.
only one-half his away were Loyola and Duke.

Final Bearcat statistics sh
Ron Bonham averaging 13.3 points per game, Tom Blake 13.5, George Wilson 15.0, T Yates 7.8, and Larry Shingl-
3.7. Wilson paced the team field goal percentage with 68.

As the Bearcats utilized their free throw shooting was tops,
following fans were. Than 4660, Shingleton (621), Wil-
534), and Yates (352). Wil

From the point on, Loyola played for a lone shot while Cin-
cinnati did not play closely. With two or three seconds left, Hinkleman played a ten-footer, but Roux was there.
5000 Fans Gather To Welcome Home 'Cats

Pictured above is Coach Ed Jucker speaking before approximately 5,000 UC students and fans who came to welcome the Bearcats home Sunday afternoon at the Fieldhouse. The program was conducted by Ken Elder, Student Council president, who introduced University officials, Mayor Walton Bachrach, the team and coaching staff, all of whom spoke. The spirit of the entire weekend was summed up in a familiar quote given by Bill Abernethy, "It matters not whether you win or lose, it's how you play the game."

'The Frontier of Earth Sciences'

"Frontiers of Earth Science" will be the subject of a free public lecture of Dr. Leonard H. Larsen at 8 p.m. Friday, March 29, in room 6, University of Cincinnati campus Old Tech Building. Dr. Larsen, UC associate professor of geology, will speak under auspices of the UC chapter of Sigma Xi, national honor society for the promotion of research.

Dr. Larsen will discuss the effect of measurement in modern studies of the earth's composition, structure, and history in the light of recent developments.

**DAA Freshman Designs Sets; Goal Is "Story-Book Realism"**

**by Nancy Pundesack**

In the production of a play such as "Little Mary Sunshine" one of the most difficult yet most important problems in the design and execution of sets. Gene Meyer, a freshman in the College of Design, Art and Architecture, has undertaken this responsibility.

"Little Mary Sunshine" spoofs the old fashioned operetta. In general, it is a sweet melodramatic play that aims at always being very delightful. "Because of this," Mr. Meyer, tells us, "the sets will have to be something like that." The play is set in Colorado in the "mountains". Many of the scenes take place in the forest and garden of Little Mary's Colorado home. The problem is to make every scene as beautiful as possible without looking fake. Part of this show involves a swinging number, and the construction of Wilson Auditorium does not allow for this. Consequently, we have to build our own construction, Mr. Meyer finished: "It's lots of work, but well worth it."

Mr. Meyer also has two capable helpers who work with him in production. Daug Murphy, a senior in Architecture and George Sasser, a sophomore in Interior Design, have volunteered time and energy to the execution of this set.

---

**Langsam Lauds Cats A "Best In Country"**

To the Students:

As you may have expected, I had fully intended joining you at the Rally to welcome our basketball team back from Louisville.

Unfortunately, there is no respect of plans, delayed my return to Cincinnati until after five o'clock. Accordingly, I should like to use this means of saying the things that I would have preferred to mention orally at the Rally.

Obviously I wish we had won, but I am sure that to our team, which played so ably and courageously throughout the year, still the book of the country.

We have much of which to be proud. In the three years of Coach Jucker's leadership and of Our Seniors' playing, our team has played eighteen games, not counting the recent Philadelphia trip, and has won eighty-two of them—against the greatest competition in our land. And only four games have been lost in the past two years—by a total of six points.

**Mueller Elected To Senior Class Presidency**

**by Emilie Bidlingmeyer**

An overwhelming victory for the student referendum was achieved in the recent student elections, it was announced by Student Council. The referendum, which presented the question of the popular election of Student Council President, was able to bring out the 25% voting percentage necessary for its consideration and to pass by a wide margin.

Following are the results of the elections for campus representatives, affirmed by the Student Council:

**Senior Class Officers:** president, Jay Wright; vice president, Marty Wessel; treasurer, Tom Driscoll.

**Junior Class Officers:** president, Don Johnson; secretary, Margo Johnson; treasurer, Mike Meyer.

**Sophomore Class Officers:** president, Riley Alexander; vice president, Joe Laubenthal; secretary, Bob Englehardt; treasurer, Pam Leffel.

**College of Arts and Sciences:** Student Council two-year term—Barbara Lever, Robert Breithaupt, Bill Moomaw; sophomore Section II—Ken Heuck, Ken Wolf, Sandy Youkilis, Don Adams.

**College of Nursing and Health:** Student Council one year term—Barbara Lever.

**Tribunal:** seniors—Cynthia Lorenz, Pat Ebel, Ellie Ringwald; juniors—Sunny Robinson, Sally Chaffield, tie between Carol Shellenbarger and Barbara Read; sophomores—Mary Kay Johnson, Joan Dietz, Sharon Ryan.

**Pharmacy College:** Student Council two-year term—Herman Knopf; one-year term—Ann Gifford.

**Tribunal:** juniors—Jack Domet, John Sauer, Dan Hoxie, pre-juniors—Terry Mundhenk, Pam Lefeld, Bob Englehardt; sophomore Section II—Donna Avery, Jerry Kress, Tom Eubanks; senior Section II—John Jennings, Diana Linthicum.

**College of Education:** Student Council two-year term—Ken Heuck.

**Tribunal:** seniors—Kerry Montgomery, Larry Buhl, Karen Jenkins; juniors—Jack Domet.

**Senior Class Vote Filststrip As Gift**

by Emilie Bidlingmeyer

An overwhelming majority vote the choice for the senior class gift was the filmstrip. The gift is still pending on Administration support and funds.

The filmstrip will be used in recruiting students and "selling" the University. The gift will be distributed to high schools, and also to home economics students as well as to the University Club to market to the University and its services.

Other ideas which were considered for the senior class gift were a 20-year endowment insurance policy and a fund which would supply the University Library with books, equipment, shelves, etc.

---

**S.C. Hits News Media**

Student Council approved a statement last Monday to be sent to the various news media in the Cincinnati area concerning the Carl Braden incident on campus last March 7. The statement is as follows:

"The Student Council of the University of Cincinnati strongly opposes the sensationalism with which the Carl Braden issue was treated by the Cincinnati newspapers, radio stations and television stations. Although the facts were reported, they were exaggerated beyond proportion. The issue caused little incident on campus, with the exception of the Union room 388 and the immediate vicinity. Many people on campus have no idea Mr. Braden was speaking until they heard or read the news reports."

The account of the incident but the University in a false perspective and gave the community a distorted picture of the event. Student Council takes a very dim view of the fact that the responsible news media of this city cannot present the facts as they happened. It is our hope that in the future the University, and anything concerning the University, will be reported in a manner neither misleading nor misrepresented of the campus community. This courtesy is expected by the Student Council."

Other business in Council was concerned with a host of amendments to the constitution and by-laws of the Board of Publications. These were concerned mainly with membership and voting alone. One amendment to the by-laws concerning honors raised some questions.

Presently, honors are awarded to editors and business managers at the end of the academic year after the final audit. The new ruling provides that honors will be paid on a quarterly basis, after a review of the publication by the Board of Publications.

Ken Eldor, Council president, announced that the amended President's Cabinet will meet this Thursday in the Union.

Eldor also announced that the second meeting for the proposed Cincinnati Area Council will be held this Saturday at 1 p.m. in the President's Dining Room in the Union.

---

**The Union Program Office has announced that there is a possibility that comedian Bob Hope may be coming to the fieldhouse on May 8.**

Freedom Of Speech

One of the fundamental issues of the appearance of Carl Braden on the UC campus revolves around the question of who should be allowed to speak on a college campus. The Xavier University NEWS in an editorial we reprinted in this space last week drew an analogy between a man hollering "Fire!" in a crowded theatre and a man who does not believe in freedom of speech. Both of these situations, the NEWS contended, are violations of the freedom of speech.

We think that it is worthwhile to comment upon this because it is one of the basic arguments used by those who desire restrictions upon the freedom of speech, and such a man is one who places upon freedom of speech the same kind of restrictions against which those who are against Communists speaking on college campuses are protesting.

If we accept the criterion that a man must believe in freedom of speech before he is allowed to speak, then, conceivably, President Langsam would not be permitted to speak on campus. If, during the course of his speeches, President Langsam had prohibited Braden from speaking, then he would have violated our criterion, thus disqualifying himself as a campus speaker.

Absurd? Certainly, but no more absurd than trying to equate crowded theatres with Communists.

The week drew an analogy between a man hollering "Fire!" in a crowded theatre, inciting people to riot, and spreading malicious gossip. Violations of the former include slander and libel, and the latter include holding "Fire!" in a crowded theatre, inciting people to riot, and spreading malicious gossip.

We think that the founders of the United States were aware that a speech such as the one made is one that would be placed upon freedom of speech, or but that they made sure that there would be a maximum circulation of ideas. Even the two violations cited, slander and libel, are extremely difficult to prove. When we move into the area of political ideas, the going gets tougher. The only way this can be made is to allow anyone to make political ideology to speak—if it is decided to make restrictions, the problem of where to draw the restrictions presents itself almost immediately. If we decide to restrict the Communists then what about the socialists? If we restrict the socialists then what about those above them on the political ladder? If we restrict the right-wing satirists, then we better restrict those on the other side of the spectrum such as the segregationists, imperialists, and left-wing crackpots. In other words, where do we draw the dividing line and, more important, who draws the dividing line?

Here are some consequences when we start placing restrictions on speakers. Are we not, showing that we have little faith in the American citizen to draw an intelligent conclusion on the basis of several points of view? Does this not negate the democratic process which has worked so well for over a century and a half? We would say that any restrictions that would be placed would indicate that the American system is indeed very shaky ground.

To bring this matter closer to home, it is apparent to us that any speaker on campus is a man who does not believe in freedom of speech, that neither administrators or parents have a great deal of faith in our educational system nor students. In a country which is noted for its efforts to extend education to all members of the society, this can only connote that propaganda rather than learning must be education's chief function.

To those who would disagree with this editorial, we ask that they launch an immediate investigation of the recent Student Council speaker, Mr. Douglas Hyde. How do you know that this man is not deceiving you that instead of a bona fide Communitarian-Catholic, he is an impostor who is a Communist and that this is in order to fill our minds with atheistic imperialist, Communist lies?

(A legal discussion of this issue is in the March 30, 1963 issue of The Nation. The article is written by William W. Van Alstyne, formerly an attorney in the Civil Rights Division of the Department of Justice and now a teacher of constitutional law in Ohio State University's College of Law.)

Letters
To The Editor:
Bob Wolterman
Pharmacy '63

The futile attempts to "white- wash" Carl Braden have only served to convict a negro's home and his later conviction of contempt of court indicate a bias against our judicial system and Congress. Research shows that the subsequent release of Carl Braden was due to an infringement of his basic rights and not, in any sense, represent a "reversal" of his conviction. Do the proponents of Carl Braden actually believe our courts and Congress can function properly in some different system? The anguished words of "the right to believe" can only be labeled in a different but basically important distinction between freedom of speech in a neutral character to a university campus, basic decisions have a choice. We believe those who wish toesty for the public's right to know, and this is the way it should be.

I was quite pleased at the overwhelming victory for the amendment on the popular election for President of Student Council president. I hope nobody regards this as a signal that student government problems are over. The election machine still requires a great deal of overhauling as testified by the loss in the Sophomore class secretory election and some of the lower class.

But I have to compliment Jim Knox on an excellent job in hand-electing me. I have no knowledge of other positions on this campus, Jim was held back by the red tags which were or are being directed towards the people who dare to try and set up the system—not to Jim.

"Dolly" Cohen

University of Cincinnati students interested in self-government and municipal management has formed the City Charter Plan, a group hand in hand with Cincinnati's national, recognized citizen's government movement, the City Charter Committee. The first 1965 meeting will be held in Ch. The People's Division will be in held in Ch. The two groups will have been active in the history of the United States, and one that has been through a number of re-election cycles. The two groups will have been in the history of the United States, and one that has been through a number of re-election cycles.

The tours for the World Affairs Tour. Cincinnati Society will hold an Open House in the main lounge of the Union at 4 p.m. for students interested in pursuing membership in Cincinnati Society.

Dean Joseph Holliday will discuss a brief history and explain the purpose of Cincinnati. UC Student Gifts Division To Continue Its Campaign

The U.C. Student Gifts Division of the Cincinnati Jewish Welfare Fund under the chairman of Bernard Fish will continue its campaign through the week of March 24. The final collection date is Sunday, March 31. Area captains who have helped in organizing and are continuing to facilitate the fund raising drive are Sanders Fleisher, Emily Kramer and 1st Unitarian of the Butte lawn, Ron Hill area. Stefan Myer, Pilam membership and Clinton area — Steven Goodman, AEIE membership and general collection — Arnie Loeb, SAM membership — Ruth Kydon, Lindley, and Guragee Bennett, Memorial Hall.

The Jewish Welfare Fund Campaign in the major fund raising drive of the Cincinnati Jewish Community. It is the supporting fund for many of the local and national Jewish agencies, and, in addition, it is a major contributor to CARE. Through CARE, the community charities are able to support a Moroccan child, for instance, for three months for $6.

Our U.C. Student collection, while not one of the major contributing branches of J.W.F., is important in that it keeps contact between the Jewish Community and the college students during the years when we must be separated from it.
Goddesses On Parade Saturday Night...

Will Hauser To Play: Annual UC Open House To Be April 6th

Music Hall Greek Site

The Goddess of the Greeks for 1963 will be chosen tomorrow night at the annual Greek Week Dance to be held at the Music Hall Ballroom from 9 to 1.

Each fraternity on campus has put up a candidate and the chosen girl will reign as Greek Goddess for 1963. The candidate and the fraternity they represent are: Marig Johnson—Theta Chi; Helen

Valerie And Dick

Beautify Our City

Valerie Raabe, Alpha Gamma Delta has been named Display Chairman by the Executive Committee of the 1963 “Clean-Up, Paint & Beautify” Campaign. Her co-chairman is Richard Hodapp.

Pi Kappa Alpha. The committee
members are: Alpha Gamma Delta: Donna Milhouse, Sandra Perkins, and Beverly Russell;
Pi Kappa Alphas: Jerry Parker, Tom Roehurt, and Tom Green; Alpha Chi Omegas: Jane Heisel, Joyce Schoenberger, and Mary Louise Hall; Lambda Chi Alpha: Carol Ann Black American Common Club; Mary Fatteece—Kappa Alpha Psi; Carol Tillery—Alysha Phi Alpha; Olga Reyi-Gazda; Theta Tau Omega: Cathy Cappel—Pi Lambda Phi; Maxine Spritzer; Barb Baker—Sigma Alpha Mu; Sue Heil—Sigma Alpha Epsilon; Carol Shelley—Arcadia; and Kathy Wiche—Alpha Sigma Phi (not pictured).

The twelve annual “UC Open House” for the accepted and pending out of town freshmen and their parents will be held at the University of Cincinnati, the College Tri-Athons, and the Central Admissions Office. The event will take place on Saturday, April 6. The Open House is sponsored by the Cincinnati Society, the College Tri-Athons, and the Central Admissions Office, gives the out of town students an opportunity to visit the campus and to learn more about the college and the program they will be entering in September.

The day's program includes an informal coffee hour, a brief opening invocation in Wilson Auditorium, and tours to the various colleges arranged and sponsored by the College Tri-Athons and the Central Admissions Officers. Visits to French, Sailing Club, and the Central Admissions Office will be housed in fraternity and sorority houses and in University residence halls.

Emilie Bidlingmeyer is general chairman of the O p.m. House. Assisting Emilie in the day's events will be: Coffee Hour, Dick Schwab; Bonnie Bissett, Hospitality, Tom Watkins, Judy Winkler; Registrations, Mary Jo Schuerman, Judy Hayslip; Guides, Nash McCaulley; Lunchen, Sid Lieberman, Stan Isaac; Boating, Bill Anderson; Boatride, Paul Marshall; Tom Bender; Transportation, Dan Carmichael, Fred Butler, Dave Levering, Bob Gaines.

SAILING CLUB

With spring around the corner the UC Sailing Club is making ready to hoist anchor and shove off into the 1963 sailing season.

On March 28 from 11 to 1 the Sailing Club members will be in the Main Lounge of the Student Union with a film and speakers who will explain the functions of the Sailing Club to those interested in joining. Those future sailors (and sailorettes) who wish to "sign on" are invited to come to the Union on March 27 at 7:30.

LITTLE MARY SUNSHINE TALKS OF VACATION

Little Mary Sunshine (everybody's friend) has announced that her vacation season at the Colorado Inn is going to be a big success this year. "The weather," she reported, "has been unusually delightful with brisk clear skies over the area. The flowers are overflowing with color and such sweet smells drift through my lovely garden." A very exciting special guest has arrived for a prolonged visit at the Inn. Madame Ernestine Liebedich, an extremely famous Viennese opera star has come to grace the Colorado woods with her charm. Gentlemen are reminded not to wear their guns when approaching this gentle lady because she is not used to them and may take fright. However if you feel you will be attacked by wild bears you may carry them in your coat pockets.

Also in residence at the Inn are a bevy of beauties from an Eastern Finishing School. This is a big treat for those of us who must face the north woods generally barren of feminine charm. Little Mary Sunshine (everybody's friend) says the girls are so exalting to find a real European hope to learn lots about dancing and men from Madame Ernestine.

Little Mary has announced that April 4th, 5th, and 6th, there will be a gala affair at the Inn with lots of merry songs and lively dancing. Everyone is invited to attend and have a good time.

Nancy Twinkle Has Dream

This exciting story was reported to our chief news correspondent Morgan Carstairs by Nancy Twinkle maid of Little Mary Sunshine (everybody's friend).

"It all began with lots of people dressed in funny clothes rushing into some big red building called Wilson Auditorium. I think," began Nancy as she was telling me about her strange dream, "It was April 4th, 5th and 6th the same dates of our big party up at the Inn. All of a sudden everything went black and when it got light again I saw myself up on a big stage. Just imagine, Mary was there and Captain Jim and that adorable Billy Jester. Oh he's so cute. We were all together in front of the Inn singing just beautiful songs and having more fun than we have in real life. Oh it was so exciting I wish it could have lasted longer, but I woke up.

That certainly was a strange dream but then you never know what to expect from Nancy. It's said that she takes Nettie Morrell's latest cure for stomach trouble which is supposed to dream your troubles away.

The Colorado Inn Gets With It With Gas!

AT THE COLORADO, LITTLE MARY COOKS ONLY BY GAS. NO WONDER THE FOREST RANGERS MEET UP AT THE COLORADO. THAT CAWFE. THOSE STEAKS. ALL COOKED ON CLEAN, CONTROLLABLE HIGH SPEED GAS.

NORTH THAMES GAS

FOOD FOR THOUGHT

By Our CULINARY CONSULTANT, how to make Forest Range Style Coffee

Take two pounds of promile—Put in enough water to wet it down. Boil for two hours—Throw in a horse-shoe—if the horse-shoe splits—it ain't ready.

The elegant contralto stated: "The fashions in facial expressions change as readily as do fashions in clothes." The elegant contralto stated: "The triangular smile is the latest fad among European Society Leaders." Madame Liebedich has promised to give a demonstration of it at her forthcoming garden party given in honor of our charming visitors from Eastern finishing school. When interviewed she was looking charming in a creation by Chanel. Madame Liebedich also said that she was looking forward to seeing the dipped eyebrow which is supposed to be so popular in America. "My European friends," she said, "will be ever so interested in the American way."

Chief Brown Bear Adopts Billy Jester

Our thanks go to our special Indian correspondent Alice "Bullfrogs" Heartwell who, having spent the last eight years studying the language of the Kadotas, is able to bring to us this special report from Chief Brown Bear in translation.

"How," (this word is untranslatable into English says our trusty reporter) says Brown Bear, "my white warriors and warriors, my white warriors and warriors, my white warriors and warriors."

"Chief Brown Bear is, now a blood brother of the Kadota tribe, have accepted your friend Corporal Billy Jester into our great nation blessed by all great gods. This fine man is now a blood brother having eaten of the sacred eagle brains and taken part in other sacred ceremonies."
French army, and when he's captured, he simply joins the Ger- mana. When the Germans are les- ing, he joins the Russians, and so on. This story, which, running on modern politics along the way. Candido and a Mata Hari type woman played by Nadia Gravity even sign up to entertain troops in Africa at one point.

Best laugh in the show comes when Candido and a friend are lied to and about and is eaten by cannibals. Suddenly the chief of the tribe announces that he simply won't have time to cook the men—he has a United Nations meeting.

Still, despite the difficulties, "Candido" is like eating one desert after another until you begin to notice that all the marshmallow goo has a peculiar stench to it. This is the point Valletta was trying to make when he wrote the original, and the idea still rings true today.

"LONG DAY'S JOURNEY INTO NIGHT" is opening at the Guild April 5 on a reserved seat basis. My mistake in predicting that it wouldn't get to Cincinnati, but I'm just as glad to have been wrong about it.

IF YOU THINK YOU would be interested in writing for theatre section of the N.R. next year or would like to make some comment I'd appreciate a card.

Two Munster's Guild Members Honored By Thompson Awards

Lee Ray Reams and Mary Beth Matre were awarded the First and second prizes in the Thompson Awards recently given by the Cincinnati Music and Literary Society. The prizes of money are given every four years to two outstanding college theater personalities. Four years ago, David Cary and Marek Campbell, also of UC, won the Awards.

The awards were given to Mr. Reams and Miss Matre at the Awards meeting of the Cincinnati Music and Literary Society on Tuesday, March 12. Both winners performed for the group. Mr. Reams, accompanied by Mr. John Hem, sang two songs; later, with his partner Miss Kay Baker, he danced the modern jazz ballet titled "Taste of Honey." Miss Matre performed a scene from Eugene O'Neill's comedy "Ah, Wilderness!" in which Arnold appeared with Miss Matre in her scene.

Lee Ray Reams is a Junior in A&O majoring in Theatre Arts. He has recently served as Presi- dent of the UC Munster's Guild and has performed since he was eight years old. He has appeared on all local TV stations including those of Nashville, Tenn., Indianapolis, Ind., and Chi- cago, Ill. He has danced with the Marinette Company, the Cincinnati Summer Opera for several years and last summer was in residence with the Dayton Musical Comedy Theatre. He has also appeared at the Maxim's and Playhouse in Culver, Ind. Cur- rently he is serving as Chore-ographer and Juvenile lead in the Munster's production of "Little Mary Sunshine" scheduled for April 4, 5 and 6.

Maribeth Matre and Lee Ray Reams

Fred Arnold, Ken Smith and Dean Doss in a rehearsal scene from "Little Mary Sunshine:"

In canvassing the campus, it is surprising to note how few students have heard of "Little Mary Sunshine." Those who follow the productions of the Munster's Guild are expecting a big, spectacular spring musical such as "Guys and Dolls" and "South Pacific," but all the advertise- ments "see "Little Mary Sun- shine." As a consequence, Dean Doss, who plays the lead was asked to talk a little about the show and how it is of the same quality of other musicals.

Mr. Doss is a native of Roa- noke, Virginia. He has received his Bachelor of Music degree from the College Conservatory of Music and this spring will re- ceive his Bachelor of Science degree in Education from UC. An army veteran, he toured Europe with a show he directed while in the service and was also a journal- ist. Last year he appeared with the Cincinnati Symphony Orchestra in the "Sound of Broadway" show; he has also ap- peared in 16 ballets with the Ohio Symphony Orchestra. Last summer he worked at the James Alex Summer Theatre in Dayton with such roles as Dalrymple in "Brigadoon" and the doctor in "Most Happy Fella."

"A point of interest," remarked Mr. Doss, "is that due to the success of "Little Mary Sun- shine" the Padula Company, the same one that produced "Bye Bye Birdie," will produce a new musical by Mr. Desilvy, "The Prince of Liederkrantz."

"Little Mary Sunshine," re- ported Mr. Doss, "is one of the most delightful musicals to ap- pear in a long time. It is strict- ly an audience show. Songs, lines, gimmicks and dances are all designed to please. I like it be- cause it represents an era, or a part of American theatre, that I am proud of, the old-fashioned operetta. All those who have seen this show really seem to like it. I think it's not so well known because it was an off-Broadway rather than a Broadway show."

Mr. Doss was then asked about his part of the show. Mr. Jim Warring, strong, staunch Captain. He loves Little Mary but is frus- trated by the fact that she does-'n't immediately fall at his feet."

"I like this part because it has a singable songs, clever lines, and given me a real chance to han- ge it up. "Captain Jim," he con- tinued, "is a professional forest ranger who never forgets what he is; even in his 'wooning' he is conscious of the fact that he is the strong, staunch Captain. He loves Little Mary but is frus- trated by the fact that she does-'n't immediately fall at his feet."

"This is not an easy show to do," Mr. Doss answered when asked next about the value of doing the part. "We are not carrying a straight operetta, we are merely poking gentle fun at it. Consequently, it is hard to be convincingly serious but cunny, at the same time."

"Little Mary Sunshine" is ap- pearing at Wilson Auditorium, April 44. Tickets will be on-sale in the Union Monday Reserva- tions can be made by calling UN 18000, extension 307.

STUFF FOR PARTY LIFE

The Lettermen bring their fresh and imaginative sound to twelve great songs that deserve to be sung. The result? "College Standards," the Lettermen's newest Capitol album. There's romance written all over every song, from Frazier Row's "The Sweetheart of Sigma Chi" to Broadway's "The Party's Over."

I look for "College Standards" on Capitol—and be sure to look, for the Lettermen in concert on your campus.

Maribeth Matre and Lee Ray Reams
In 1984 and in Brave New World, George Orwell and Aldous Huxley have presented us with sweeping and prophetic utopias of the Negative Utopian, the totalitarian super-states of tomorrow.

In comparing the two works, this writer finds much in 1984 which looks the impact of its satire and warning. Orwell, in his writing of an impersonal and cold world, writes too impersonally.

In parts, we are reading an essay in a history. Impressive, factually, as these parts may be, they detract from the poetry itself. The reader, caught in the novel's movement, grinds to a halt at these essays in essays.

"Brave New World" does not commit this error, and so stands as the better novel, for it is all novel. Perhaps Huxley's case is a humorous gibe a bit too far, but this is only a minor point. The main issue is not detracted from by the style. And Huxley's theme is stronger than Orwell's. For "Brave New World," while writing of an impersonal world, we are also of men—in the future, and in this time. The book is not only a satire on the politics of men, as is also 1984, but on the very essence of man—his relationships with his fellow man.

With the two descriptions given in the past two weeks of these two novels, the question of the possibilities of these worlds arises. Given the worlds as shown in 1984 and Brave New World, could they exist forever? This writer thinks, "No!"

In both books we are told that the world is "more primitive than it was some time ago." But man and his society must either progress or regress; they cannot remain static. But this is the very aim of these worlds of the future. Given the totalitarian states as in these books, society must regress; when society regresses, it begins to disintegrate into primitiveness. And if society disintegrates, so, eventually, must totalitarianism.

Even the idea of eliminating the concepts of love and freedom and equality must fail. These are concepts inherent to man; eliminate them, you eliminate man. And the elimination of the ability to communicate these concepts must fail also, in the long run. Man had to create the words once—he can do it again.

But could the worlds pictured in 1984 and Brave New World even come about? We need not be concerned with the scientific discoveries listed in the novels—given man as he is today, with his love of conformity, and the answer must be a horrifying "Yes!" The possibility does exist.

Fuds which sweep the country, the Madison Avenue "ideal" which holds the country in the grasp of commercialism, conforming to mass-conformity—these are only three of the conforming ideas in our country alone. And ours is the land of individualism.

But we have a hope, the hope of the individual refusing to accept merely because society says, "Accept." As long as we have men in our world who can and will say, along with Winston Smith, that being a minority, even a minority of one, does not make him mad, as long as men can say that, then we have hope.

Orwell predicted for 1984; Huxley gave us a bit more time. But in reality, the coming generation, our generation, will probably make the decision for the world to come. We may not see the totalitarian super-state; but we may allow it, or even cause it.

Army Calls Davis To Staff College

Major William E. Davis, Infantry, professor of Military Science at the University of Cincinnati since February 1961, has been selected by the Department of the Army to attend the Command and General Staff College, Fort Leavenworth, Kansas, in August, 1963.

Major Davis joined the Cincinnati faculty following a year stint abroad at Headquarters, Military Assistance Advisory Group, Korea where he served as Aide de Camp to the Commanding General.

After participation in the ARTRP (Army Specialized Training Reserve Program) schooling program at Pennsylvania Military College, Major Davis obtained his Regular Army Commission from ROTC at Western Maryland College.

Major Davis" has been named "Eminent Chemist" for 1963 by the Cincinnati section of the American Chemical Society.

The award was given to Dr. Logan "in recognition of his distinguished research in the fields of bone chemistry, bacterial toxins, and collagen composition and in recognition of the inspiration and zealous enthusiasm which he has awakened and nurtured in his many students and colleagues."

With two Cincinnati University colleagues, Dr. James O. Ogle and Ralph Aflinghaus, Dr. Logan announced in 1961 discovery of a new amino acid, 3-hydroxyproline, found in small proportions in collagen, the protein that makes up the tendons of the body.

This was the first new amino acid "(building blocks" of protein) found as part of the structure of protein in tissue from mammals since 1953.

Making use of the discovery, scientists can seek answers to such questions as whether collagen in various species of humans and animals is similar and whether or not the presence or absence of the new amino acid has a relation to certain tendon diseases.

Dr. Logan, graduate of Harvard University, joined the Cincinnati University medical faculty in 1940 to fill the Andrew Carnegie chair of biological chemistry and to head the department.

Positions

The Wetherill Company, a crew placement intermediary with yacht listings on the East coast, West coast, Gulf area and the Great Lakes is soliciting new crew members.

Deadline for applications is April 2, 1963.

To apply, send us a short resume listing the following facts along with $5.00 processing fee.

1. Name, address, phone number.
2. Age, school.
3. Available from.
4. Previous boating and relevant work experience.
5. Two references.
6. Preference i.e., racing, sailboat cruising, motorboating, none, etc.
7. Preference for the American Road, The Continental Divide in Colorado. More molybdenite is mined there than in the rest of the world combined. And, from molybdenite ore come the amazing "imply" grease that helps extend the chassis lubrication intervals for Ford-built cars. This grease sticks tenaciously to metal, stands up under extreme pressures and resists moisture, pounding and squeezing. It is slicker than skates on ice!

The search for means to extend chassis lubrication also led to New Orleans—where experimental suspension ball joints tested in taxicabs in regular service went two years without relubrication.

It took time. And ingenuity. But the effort paid off when Ford-built cars were the first to build in chassis lubrication good for 30,000 miles or two years—whichever came first.

Another assignment completed—another "Ford First"—and another example of how Ford Motor Company engineers were set out to eliminate the traditional trip to the grease rack every 1,000 miles.

Like Mohammed, they went to the mountain—Bartlett Mountain on the Continental Divide in Colorado. More molybdenite is mined there than in the rest of the world combined. And, from molybdenite ore come the amazing "imply" grease that helps extend the chassis lubrication intervals for Ford-built cars. This grease sticks tenaciously to metal, stands up under extreme pressures and resists moisture, pounding and squeezing. It is slicker than skates on ice!

Send your applications by April 2, 1963. Send to Wetherill Company, Box 12095, Philadelphia 19, Pa.
Grad. School Initiates Two-Year Program

The Graduate School of the University of Cincinnati has initiated a two-year program leading to the degree of Master in Community Planning to prepare professionals in the planning of city and regional communities.

It involves the participation of the College of Arts and Sciences, Business Administration, DAA, Engineering, Medicine, and the Evening College. Dr. Robert C. Hoover, of the Dept. of Geography and Regional Planning, will be in charge.

The program offers a core of courses involving planning theory, planning survey and analysis, planning for program, land use and facility planning, and planning implemention.

RULES: The Rooker H. Donnelly Corp. will judge entries on the basis of humor (up to 15%), clarity and freshness (up to 15%), and appropriateness (up to 30%) and their decisions will be final. Duplicate prizes will be awarded in the event of ties. Entries must be the original works of the entants and must be submitted on the winner's own name. There will be 50 awards every month. October through April. Entries received during each month will be entered for that month's awards. Any entry received after April 30, 1963, will be eligible, and all will become the property of The American Tobacco Company. Any college student may enter the contest, including players of The American Tobacco Company's advertising agencies and Resident H. Donnelly, and relatives of the said employees. Winners will be notified by mail. Contest subject to all federal, state, and local regulations.

THE QUESTION IS: WHAT DO YOU GET WHEN YOU REQUEST A PACK OF THE MOST POPULAR REGULAR-SIZE CIGARETTE AMONG COLLEGE STUDENTS?

F. Schell Receives Scholarship Award

"Fred Schell, left, sophomore in the University of Cincinnati's College of Pharmacy, received a $300 scholarship prize from David Shuck, center, president of the UC graduate chapter of Alpha Zeta, the professional pharmaceutical fraternity."

Thomas J. Emery Memorial Provides For Essay Contest

1. The Thomas J. Emery Memorial has provided for a prize essay contest at the University of Cincinnati in memory of the late Senator Robert A. Taft. Dr. Walter C. Langsam, UC president, announced.

2. Four prizes will be awarded in the amounts of $500, $250, $150, and $100. All full-time UC undergraduates are eligible to submit entries — essays from 3000 to 5000 words in length.

3. This competition, in addition to honoring Cincinnati's famous national leader, will encourage "the thoughtful presentation of essays relating to the principles and practices of government in the United States and the individual liberty of the citizens of the United States," President Langsam explained.

4. Competition winners will be announced by Dr. Langsam Sept. 8, M. Taft's birthday.

S.S. Petitions Are Available

Petitions for Cincinnati State College will be available at the Student Union on Monday, April 2, Cincinnati is a co-educational service organization which was founded in 1917 and reactivated in 1952.

The purpose of Cincinnati is to assist the University with hospitality and service to incoming students, their parents, and visitors, and to maintain good student alumni relations.

Activities of Cincinnati Society include: 13 "Coke Parties" in June and July for incoming students; and other social gatherings throughout the school year.

Cincinnati State College holds a membership of the National Student Government. The organization is open to all college students.

Anti-Communist Rally Features Walker, Hargis

by Mary J. Paul

More than a thousand people came to hear Gen. Walker and Rev. Hargis speak and participate in the NAACP there were no incidents at the rally.

Gen. Walker and Rev. Hargis were greeted with a standing ovation when they walked onto the stage and the university presented the Cincinnati chapter of the Christian Crusade introduced Rev. Hargis the first speaker on the agenda. "Rev. Billy Hargis," he stated, "must be placed with the best speakers of the history of our fight against Communism."

Rev. Hargis made it clear that because of the picketing he was not delivering his usual speech, "When someone attacks me I'm going to defend the truth." Of the picketing he said, "The National Association for the Abolition of the NAACP stands for racial agitation.

In the course of his hour and a half long speech Hargis attacked the National Council of Churches as a Communist backed organization, the liberal press and colleges who permit known communists to speak on their campuses. "It's considered un-American to bring an anti-Communist,"

Gen. Edwin A. Walker was introduced by Cincinnati law yer and John Birch society member William Flax. Walker, who had been submitted to psychiatric examination by the Justice Department after the Mississippi incident spoke of the "rape of the American constitution in Mississippi last fall."

His statement that "There were more people in prisons than by brother James was out in ten years," was greeted by applause. Gen. Walker criticized the United Nations. "The U.N. provides a propaganda front for the destruction of prayer. It's a temporary front. The U.N. was not heard of twenty years ago and will not be heard of twenty years from now."

Of the "disarmament program that places all our troops under the United Nations" Gen. Walker said, "I resigned from the armed services to be free, and I will not be ruled by the U.N. in New York City."

"I would not lead soldiers under the U.N." "No political party is responsible for our defense... Neither has stopped the advance of Communism. We the people must stop supporting the parties and start supporting our country."

Greek Dance To Be Sat.

The annual Greek Week Danc will be held this Saturday night, March 30, at the Topper Club. The cost will be $1.75 per couple and tickets may be purchased Wednesday, Thursday, and Friday from the Admissions Office, 104 Beecher Hall by Tuesday, April 30.

Bill Walter's Band will be featured, and the Ventura's rock 'n' roll band will play during breaks. The highlight of the evening will be the crowning of the Greek Goddess.

Congratulations, Bears! The Team That Represented All of Us In Style

STYLE—Ranks No. 1 at Charles just as the Bears do everywhere!
