Gillian Slogan: "Put Cincy in the Senate" 

On Thursday October 3, 1968 a $3,500.00 a-plate dinner was held in the Sheraton Gibson Hotel to raise funds for John Gilligan's Senate Campaign. It is reported that over 500 tickets were sold for the event. The Gilligan campaign slogan "Put Cincy in the Senate" was formally announced at the dinner.

We left the cap off this new TRS™ porous-point for 2 weeks.

Skippers do it!

New Heart

CAPE TOWN: Dr. Phillip Blaiberg, the longest surviving heart transplant patient, said he will not undergo another similar operation. Dr. Christian Barnard, noted heart specialist, was quoted as saying that Dr. Blaiberg will in the future need another heart transplant as his system will eventually reject the new heart.

USA Sets Up Bases

LONDON: An Associated Press report here revealed Sunday that the Soviet Union has set up missile sites near the Sino-Soviet border. Reports indicate that the missiles which have a delivery capability of 2500 to 3000 miles, would be able to neutralize China's nuclear test sites in Sinkiang, cover a vast industrial area in Manchuria, or strike Peking, the capital, only 700 miles away.

WASHINGTON: A recent presidential speech states that Richard M. Nixon, Republican vice-presidential candidate, is leading in 34 states with a total of 380 electoral votes. Third Party candidate George Wallace is said to be leading in 7 states with a total of 60 votes. Democratic hopeful Hubert Humphrey shows only 8 states in the plus column, totaling only 25 electoral votes. Police Reprimanded

CHICAGO: Associated Press sources report that ten policemen have been recommended for suspensions here for allegedly removing their badges and nameplates for the recent demonstrations at the Democratic National Convention. The actions, which would carry fifteen day removals without pay, were contrary to specified department rules.

Gilligan Slogan: "Put Cincy in the Senate" 

Harris Calls For 'Racist - Free Society'

Guest speakers at the dinner for Mr. Gilligan were Senator Philip A. Hart of Michigan, Senator Fred Harris of Oklahoma, and former assistant to President John Kennedy, Kenneth O'Donnell. The main speech of the evening was delivered by Senator Harris. The Senator called for a "racist-free United States where equality in political, social, and economic opportunity is real for all people."

Senator Harris urged a swift end to the Vietnam conflict so that America may use all of its resources to battle poverty and oppression in our own country. His wife is Indian and is still an active member of her native tribe. A small but enthusiastic crowd was on hand outside the Hotel to greet hometown candidate Gilligan and the guests. The banner waves were mostly young, many not even of college age. Mr. Gilligan has been making a determined effort to attract student interest. He is a dove on Vietnam and was active in the drafting of the peace plank which was unsuccessfully presented at the National Democratic Convention in Chicago several weeks ago.

Grants Available For Students; Study Abroad Program Begun

Arrangements have been made in the Office of the Vice Provost, 304 Physics, to provide information on opportunities available to faculty and to students in the way of Fellowships, Scholarships, and Grants-in-aid for post baccalaureate and post doctoral study.

The person in the office who is particularly responsible and whom any questions should be directed is Mrs. Shari Covitz. Her number is 473-4220.

The Institute of International Education has officially opened its annual competition for 1969-70 United States Government and foreign graduate grants for academic study or research preference is given to applicants for educational or research preference is given to applicants with a bachelor's degree or its equivalent before the beginning date of the grant and, in some cases, be proficient in the language of the host country. Selections will be made on the basis of academic and/or professional record, the feasibility of the applicant's proposed study plan, language preparation and personal qualifications.

For U.S. Government grants, preference is given to candidates who have not had prior opportunity for extended study or residence abroad, with the exception of those who have served in the armed forces. For foreign grants, applicants who have had extensive previous foreign experience are at a disadvantage but are not disqualified. For all grants, preference is given to applicants from 20 to 35 years old.

A full award will provide a grantee with tuition, maintenance for one academic year in one country, round-trip transportation, health and accident insurance and incidental allowance.

A limited number of travel grants is available to supplement maintenance and tuition scholarships granted to American students by foreign governments, universities and private donors.

Students at UC can pick up application forms and information from the campus Fulbright Advisor, Vice Provost Lippschitz's office (Mrs. Shari Baum Covitz, 304 Physics). The final deadline for filing applications through the Fulbright Advisor is November 1. Persons in the Creative and Performing Arts should submit the supplementary material such as tapes, films, and slides to that office on or before Oct. 15, 1968.

Romer Opens 'Distinguished Lectures'; Professor Emeritus At Harvard U.

Alfred Romer

Dr. Alfred S. Romer, professor emeritus of zoology at Harvard University and former director of Harvard's Museum of Comparative Zoology, will head UC's second annual Distinguished Visiting Lecturer series.

The former president and board chairman of the American Association for the Advancement of Science is slated for four free public lectures in October at UC. Romer is recognized as one of the world's leading authorities on extended study of vertebrate history. General subject of Dr. Romer's lectures will be "Major Advances in Vertebrate Evolution." Each lecture will be at 8:30 p.m. in Wilson Memorial Hall.

Dr. Romer taught at the University of Chicago before joining Harvard's faculty in 1934. By comparing fossil remains and modern representatives, he has traced some of the long evolution of vertebrates. His work has centered on the amphibians and reptiles which flourished in the Permian period of earth's history, 250-225 million years ago.

Dr. Romer has won many awards from scientific societies and has been given several of science degrees from Harvard, Amherst, Dartmouth, Buffalo and Lehigh universities. He served as president of the 16th.

Applicants in social work must have at least two years of professional experience after the Master of Social Work degree. Applicants in the field of Medicine must have an M.D. at the time of application.

The purpose of the grants is to increase mutual understanding between the people of the U.S. and other countries.

Case For Co-operation

Clinton Hewan

The Months Ahead

The year '68 has so far hurried upon us nine hectic months, in which the majority of the most trying moments in American history have taken place. This has laid bare for all to see, some of the major underlying causes for the conditions that beset our society. With the presidential campaigns going at its peak, culminating in November with the election of a new President, a closer examination of the three major candidates, their policies and positions will eventually lead to predict anything but more uncertainty and chaos ahead. It becomes ever more apparent that something has to be done if they are to bring tranquility to the present domestic atmosphere, a true effort must be made by all Americans to confront fully and in a truly meaningful way the problem of eliminating the causes that create fear and unrest in our midst.

Irrelevant Rhetoric

Irrelevant rhetoric constitutes a substantial part of the speeches heard from those who have been nominated as Presidential candidates. There are both general and basic facts cannot be adhered to, and that those are forced to ask ourselves what is the issue. It is not a question of political expediency, refuse to acknowledge that there are two problems which are being presented to the atmosphere of Democratic standards and those of today. We are beleaguered by irrelevant rhetoric, that which is believed will bring out the votes. What the politicians in essence are saying, is that we cannot face the issues from the facts, because our inability is unable to distinguish fact from fiction. Instead of calling for Justice, "law and order" is the main theme which is "change"; however, we must have Nixon explain to us what he did in the Eisenhower years that is not in part responsible for today's muddle. By the same token Hubert Humphrey might ask today's young people are so conditioned to the policies of the closing Johnson years. These, in my opinion, are not the matters that correctly would force the cessation of irrelevant rhetoric.

A Bitter Fact

It is today apparent that the current trends in politics are becoming more irrelevant to the people of today. We find politicians openly stating that the coming months, if they are to bring tranquility to the world, we find politicians openly stating that the coming months, if they are to bring tranquility to the atmosphere, of Democratic standards and those of today.

Tom Roden

Why Not Wallace in '68?

It is pathetic and shocking to believe that the Registrar is right when he pleads to pre-register by mail. But sometimes, sense is not the most predominant quality exhibited by college students.

As if from Missouri, many students say "show me". Well, here you are...the untouchable photocopy has been taken on any registration day, any quarter, for the past three years, and nothing would have changed.

Mail pre-registration could be put in a more tenable position by the addition of a clause that would permit a student who has been closed out of a class or two, or who has the times of some of his courses switched, to correct the flaw in his or her schedule without the added agony of fighting the registration lines.

A partial registration system could be initiated by which a student who makes each student pay dearly in time and toil for a mistake in the procedure. Some sort of alternative operation such as this should, take up some of the resistance in the registration procedure, and should materially ease the problem.

The Registrars office could endeavor to make some routes of registration easier to transverse.

Letters To The Editor

Why Must Students Suffer?

Editor's Note: The following letter was sent to the News Record by Edward De Camilla, but was originally addressed as a complaint to the University Registrar, Mr. John Goering. An NR editorial on page 4 explores to a further degree the problems presented in this letter.

I would like to lodge a formal protest with you regarding registration. I would like to present it in plain form. The questions will illustrate the areas which I consider lead to the great mess. Anyone who stood in those lines as I did, all day, know that this was the worst yet to date. Perhaps if you can answer these questions we might avoid the same fiasco next quarter. I am sure I speak for many students although I can only count on my own experience to guide my questions.

1. Why was it necessary to have transfer students both on and off campus register on the same day as everyone else? Surely much confusion could have been saved if they had done it on another day and advices could spend more than five minutes trying to work out schedules with each student.

2. Why were pre-registered students required to come back just to change one course?

3. Why was it necessary to have transfer students both on and off campus register on the same day as everyone else? Surely much confusion could have been saved if they had done it on another day and advices could spend more than five minutes trying to work out schedules with each student.

4. What was the purpose of the huge line in the Great Hall to go and pick up class cards? It seems to add to the confusion, I merely walked around the back entrance thereby saving at least two hours.

5. Why is the purpose of a name card anyway?

6. Why do students have to fill out copies of their schedules every quarter and the same information to the Dean's office? Where do those cards go anyway and are they really necessary?

7. Why were pre-registered students required to come back just to change one course?

8. Why were pre-registered students required to come back just to change one course?

9. How did University College students end up in the Great Hall and why did Education College Students stand in line only to find out that their class cards were in another building?

10. Why was the overall chaos and unorganized atmosphere in the University that has spent millions of dollars on a computer system? Why couldn't the computers be used sooner?

11. How do other universities of equal or larger size do it? I have had people tell me that Ohio State University has it down to a science.

12. Why are graduate students upset? I have had people tell me that Ohio State University has it down to a science.

There simply must be a better way of doing it. I can see no improvement over last quarter. If it has constantly gotten worse how much more will it go? The Ultimate loser is the student. He is the one who gets closed out of classes he needs. He has to stand in line. He has to return to re-register even though he prudently pre-registered. Now I ask you sir, weren't you a student once?

College is a Waste of Time...

...unless you find a job that turns you on and makes good use of your education. Inland Steel wants only people who want to use everything they've learned in college—and strongly desire to grow personally and professionally. Inland's future depends on the creativity and productivity of its people. If you want a really challenging opportunity to contribute—with the awards and responsibilities that go with it—Inland wants to talk to you.

We need action-seeking graduates with degrees in most fields for management opportunities in sales . . . production . . . research . . . engineering . . . finance . . . administration . . . or you name it. Think it over. If you have high aspirations and a good record, take time to find out about a career with us.

For information, see us on campus.

Let's join forces.

Apart we're not much. Nothing, in fact.

Together we're a team. One of the greatest. The Aerospace Team.

World's largest science and engineering organization...

Enroll in the Air Force ROTC Program on campus. You may qualify for financial assistance and flight instruction while you're in school.

In fact, let's get together and talk over grants—they could pay for your tuition, books, and give you $50.00 a month.

When you graduate, you'll be an officer...you can combine doctor, engineer, lawyer or B.A. degree with an exciting Space-Age career.

You'll know exactly where you're going.

Together, there's practically nothing we can't do.

Staff Changes In Un. Center Towner New Ass't Director

New staff and changes in the Tangeman University Center are being announced by the Director, Joan Cochran. Dick Towner, new Associate Director, is shown (right) talking to new key staff members: Marion Haisley and Norman Hill.

Mr. Towner, formerly Assistant Dean of Men for Housing, later fraternities, will guide campus scheduling and conference co-ordination, as well as an expanded operation. Mrs. Haisley, who has served as Co-ordinator of Campus Calendar, will also assist Mr. Towner in new conference co-ordination services. Now faculty and student conference planners may work through one office to schedule housing, meeting facilities, etc. Mr. Hill serves as the first full time Night Manager to provide better operational direction for night and weekend activities and services.

New Tangeman Center services include a daily 9:00 a.m. - 10:30 p.m. check cashing service and concession stand services at the Information Desk. Candy, sundry items, pipe tobacco, cigars, the New York Times, and Wall Street Journal are now offered. Magazines and newspapers will be extended, according to Mr. Towner.

The Game room has been expanded with four new bowling lanes. The old billiard area is being re-developed with billiard tables to make way for a larger snack and lounge area. Students are welcome to submit decoration ideas. Wooden plank walls for initial engraving or a psychedelic effect have already been suggested by students, according to Miss Cochran. Increased bowling prices were also approved this summer by the Center Board to meet growing labor-maintenance costs. The price is $1.45 a lane or 3 for $4.00 is still below commercial rates.

Two student positions are presently open on the Tangeman Center Board with petitions available at the Information Desk. Petitions are due October 15th. The Board, with faculty-student-staff-alumni representation has a predominance of student members. They meet alternate Thursdays at 5:30 p.m. and determine all policies, fees, services, distribution of space and advise operations and program in the implementation of their respective responsibilities.

Miss Cochran expressed high hopes for the coming Sesquicentennial year. With a larger professional staff aided by a strong Center Board, they feel they will be able to respond better to campus needs.

**Complaint, question, suggestions?** Write BRIAN ZAKEM’S Box 70, Towanda Terrace, Cincinnati, Ohio 45216. Include name and college or university position. This information will be withheld if desired.

Q. “I read recently (May, 1968) in the sports section of the New Record where a Lacrosse team is being formed. I think this is great since I'm a great sports buff and will be more than happy to watch games and learn something about the sport. Lacrosse is an international sport and fast growing as well as gaining popularity in the U.S. now. My question is how could a soccer team be organized on a club basis and what would it take to get it going as the Lacrosse team did? There are many amateur teams in the area that could be played. How about it? - Mike Brooks ’70, A&S

A. “Mr. George Smith, the Athletic Director, informed me that the Lacrosse Team is organized on a club basis and will pay their expenses and be under the supervision of the regular student organization; the Athletic Department is not involved in any way. At this time, the Athletic Department does not have a set policy on club sports. The individuals interested in soccer could organize on a club basis and follow the same procedure as the Lacrosse club plans to do.” - Dr. William Schwarzkopf, Associate Director of Athletics.

**DIRECT LINE Notes:** All those interested in forming a soccer club should contact Brian Zakem and he will forward all interested persons to organized on a club basis and follow the same rules for a soccer team. The Athletic Department does not have a set policy on club sports and will not be involved in any way.

Q. “While in the military service it was common practice for a conscientious serviceman to check his records at any time. Letters of recommendation and similar evaluations are prepared on a confidential basis as well as records maintained by such professional services such as the Student Health Service, Counseling Center, etc.” William R. Nester, Dean of Students, University Center.

**A&S Position Available:** Lipsich’s Undergraduate Advisory Committee in addition to position for Dr. William Lipsich’s Undergraduate Advisory Committee in addition to position for Dr. Lipsich’s Undergraduate Advisory Committee.

**Soph Class Holds Opening Meeting**

The sophomore class will meet this afternoon at one p.m. in room 127 McMicken Hall. All sophomores are urged to attend. This meeting will bring the class together to begin organizing the Sophomore Class Mum Sale which is held annually on Homecoming Day.

Positions are also available on the sophomore class committee which works closely with the class officers throughout the year, organizing class events.

Petitions for these positions, and the mum sale activities, may be found at the University Center Desk, the hall desks of Calhoun, Sawyer, Daniels, Memorial, and Sidells.

**Why Are You A Poor Talker?**

A noted publisher in Chicago reports a simple technique of everyday conversation which can pay you real dividends in social and business advancement and works like magic to give you poise, self-confidence and greater popularity.

According to this publisher, many people do not realize how much they could influence others simply by what they say and how they say it. Whether in business, at social functions, or even in casual conversations with new acquaintances there are ways to make a good impression every time you talk.

To acquaint the readers of this paper with the easy-to-follow rules for developing skill in everyday conversation, the publisher has printed full details of their interesting self-training method in a new booklet, "Adventures in Conversation," which will be mailed free to anyone who requests it. No obligation. Send your name, address, and zip code to: Conversation, 525 Union, P.O. Box 174-219, Chicago, Ill. 60614. A postcard will do.

**Playtex invents the first-day tampon**

(We took the inside out to show you how different it is.)

Outside: it’s softer and silky (not cardboardy).

Inside: it’s so extra absorbent...it even protects on your first day. Your worst day!

In every lab test against the old cardboard kind... the Playtex tampon was always more absorbent. Actually 45% more absorbent on the average than the leading regular tampon.

Because it’s different. Actually adjusts to you. It flowers out. Fluffs out. Designed to protect every inside inch of you. So the chance of a mishap is almost zero!

Try it fast. Why live in the past?
Can't From Pt 1

Gipson moved the Cougars almost single-handedly in the first half. He completed 11 of 12 passes and scored on four of his punting attempts to send the game into overtime. Houston could not put together a consistent offensive attack, and Gipson's performance clinched the win for the Cougars.

The remainder of the half was a defensive battle, with both teams unable to get a first down. In the second quarter, with Houston leading 28-20, Cook was forced to go to the bench with a bruised hip. In the second half, Gipson continued to dominate, throwing for 246 yards and two touchdowns. The Cougars went on to win the game, 41-28, and move to 5-0 on the season.

This victory was significant for the Cougars, as it marked their first conference win of the season. It also set the stage for their upcoming game against Army, where they hoped to continue their winning streak.

The next game was scheduled for the following Saturday, and the Cougars were excited to face the Army Black Knights. This game was highly anticipated, as both teams were strong and had high expectations for the season. The Cougars would need to continue their strong performance on offense and defense to secure the win against Army.

In conclusion, the Cougars entered the weekend with a record of 5-0 and a real chance to make some noise in the conference. The next few games would be crucial in determining their playoff chances, and the Cougars were ready to face the challenges ahead.

(GREG COOK, UC's passing wizard, who has set one record and tied another in the last three weeks, sets his sights on a UC receiver in the 'Cats' 17-14 win over Xavier. (NR Photo by John Sedgwick))

'Cat's Eye - Looking for Help'

To UC football fans in Cincinnati the Bearcat-Houston contest last Friday was like no other in recent memory. The Bearcats played from home, and the game was fought in the Astrodome, one of the world's most famous stadiums. The Cincinnati fans were thrilled with the performance of their team, and the atmosphere was electric.

The Bearcats took an early lead and never looked back, putting together a dominant performance on both offense and defense. They scored four touchdowns and held Houston to just one touchdown, winning the game 41-28.

The next game for the Bearcats is against Army, and the outcome of this game will likely determine their playoff chances. The Bearcats will need to continue their strong performance and focus on their game plan to secure the win.

So, if you're a UC football fan, get ready to cheer on your team as they take on the Army Black Knights. This game will be exciting, and the Bearcats will be looking for some help from the fans to get them over the hump.

(Harriers Boost Mark)

Cincinnati cross-country runners continued their winning ways in front of the Cincinnati audience at the University of Cincinnati.

Five finishers for UC were Jim Slusser (2) with a time of 22:08, Terry Bailey (6), Gery Archer (9) and Gene Ellis (11). Two of the top three Bearcats runners were missing from the meet.

Coach Paul Armour was quite pleased with the performance. "The victory was very satisfying," commented Coach Armour. "We're very happy that the freshmen have contributed very much to our win. Last week they ran one and two and in this last meet they ran three and four."

The top UC runner, sophomore Jim Slusser, did not have a strong showing in the first week of practice because he was hampered by a bad leg. Despite this he ran a fine race in the meet in Louisville. Bailey and Ellis are seniors while Rogers and Archer are freshmen.

New Coaches Join Athletic Staff

Brig Owens To Assist Football

Four new coaches will join the University of Cincinnati athletic department in the fall. They include two head coaches, a graduate assistant coach, and a graduate assistant coach in track and field.

John Morris has been appointed head track coach and will also assist in recruiting. He has been a member of the Cincinnati area for many years and is familiar with the university. Mr. Morris has been a successful track coach at several high schools in the area.

Mr. Morris has been in the coaching field for the past eight years and has won two state championships with his track team. He was selected as the state's outstanding track coach for the past three years.

Mr. Morris will assist in recruiting and will be responsible for the development of the Cincinnati track team. His specialty is in the sprints and hurdles, and he has coached many successful runners in these events.

Paul Armour, a 1955 graduate of Wittenburg, comes to UC after spending two years as an assistant coach at the University of Cincinnati and the University of Kentucky. He has been a member of the Cincinnati track team for the past five years and has won two state championships with his team.

This new coaching staff will likely bring new energy and excitement to the Cincinnati athletic department. With the addition of these new coaches, the university can expect to see continued success in track and field and other athletic programs.

Brig Owens, a standout quarterback for the University of Cincinnati in the 1963 and 1964 seasons, has been named a special assistant on the Cincinnati coaching staff.
As 'Cats Score Against XU

The amphitheatre behind Corbett Auditorium will be the scene of U.C.'s 1968 Spirit Picnic. Usually faculty, and administration. New Playhouse In The Park: Background For Cinn. Culture

In 1959, a college student Gerald Covel, visualized a theatre in Eden Park's 94-year-old Victorian shelterhouse. With the cooperation of the Cincinnati Park Board and newly formed Board of Directors, Playhouse in the Park was born October 1960 with a production of "Compulsion." During the next two years under new producer/director, Michael Alfreds, the abstract vision of a professional theatre in Eden Park became a reality.

The winter of 1962 produced a crisis. Broken furnaces and an original play which did not draw audiences pointed to failure, but a successful "Hamlet" brought a new season and a new producer, Brooks Jones.

During his six years as producer, Mr. Jones has developed Playhouse In The Park into one of the finest resident companies in America. Brooks Jones believes the theatre should offer a balanced program, ranging from Moliere to Beckett, revitalizing the classical and experimenting with the new.

Also in 1965, David Suskind chose the Playhouse to do the first of a series of television shows on Esso Repertory Theatre National attention was focused on the Playhouse in 1966 with the American Premiere of Henry Living "Hamlet." Financed in 1967 by the initial production of "The Cavern" by Ken Anshel.

In 1967, a grant from the Rockefeller Foundation brought the Playhouse company into association with the University of Cincinnati department of theatre and the College-Conservatory of Music, while audience demand for more seating and bigger productions grew and grew. The Playhouse was ready for major expansion.

The Playhouse has used the

The inner area is a gently sweeping arc cut by a cross-aisle. The seats face three sides of an irregularly-shaped acting platform upon which the shows are presented. Overhead the conflicting geometric lines of duct work, light grid and steel beams impress the viewer with functional order.

And this functional emphasis has been fully used in the short time the new playhouse has been in operation. The opening performance in the new structure, "Comoio Real" by Tennessee Williams, boasted a cast of 60, and made use of every level in the house. On the other hand, "Clips on Goat Island" made excellent use of the stage with only five characters.

The present production under way at the playhouse is George Bernard Shaw's "St. Joan." Special student rates are available, and there is also a limited supply of general admission tickets. For further information contact the Playhouse in the Park.

The interior of the new Playhouse, as seen through the fish-eye lens, boasts a total of 672 seats and an extremely flexible stage area.

ENTERTAINMENT

Editor: Richard Snyder

The new Playhouse in the Park, as seen from above, is both a beautiful and a functional structure.

YFA And "Something Better"

For the third consecutive year, Young Friends of the Arts will present SOMETHING BETTER, AN EVENING OF THE ARTS. The program is presented expressly for students. It is planned and promoted by college students and even the price is college-FREE.

On October 16, 1968 at 7:30 p.m. at Music Hall YFA will present an evening of the arts. Every major professional arts organization will perform or display something representative of its field. The best in music, art, ballet, musical theatre, opera, and drama will be presented for student evaluation.

The program is designed to introduce students to the visual and performing arts of the Greater Cincinnati area. By presenting professional productions of the highest caliber Young Friends of the Arts attempts to show students how interesting and exciting the Cincinnati Arts organizations are. If one attends the Something Better event he will be able to actually see the various arts and to base his own opinions and experience and not preconceived ideas which generally have no basis in experience.

Free tickets to Something Better are available at the University Center Information Desk. Also available at the desk are Young Friends of the Arts brochures and membership cards.

Film Society Flicks

Irma la Douce, October 11 (Popular Films): Director, Billy Wilder. Shirley MacLaine, Jack Lemmon, Sweet Irma, of the Partition rocks, is the protection of an extraordinary man who works out a plan that is beneficial to her and exhausting to him.

The Bank Dick, October 11 (Classical Films): Director, Edward Cline. W.C. Fields, Una Merkel. Egbert Soxe. Lugar customer of the black Pussy Cafe, accidentally captures a bank robber and is rewarded with a position as guard, where he grumbles his way through typically extravagant adventures.

Lovers of a Blonde, October 13 (International Art Films): Director, Miloš Forman. A beautifully poignant film about the various loves of an attractive girl. A recent product of Czechoslovakia's venture into freedom.

CCM Announces Coming Recitals

Cincinnati's La Salle Quartet, just back from a two-month tour of South America, begins its 16th season in residence at UC's College-Conservatory of Music with four concert series to be presented in Corbett at 8:30 p.m. on Tuesday evenings: October 15, November 12, February 11, and May 20.

Danny R. Zirpoli, graduate student of Miss Karin Dayan at the University of Cincinnati College-Conservatory, will give a special piano recital on Thursday evening, October 10, at 8:30 p.m. in CCM's Recital Hall. He will perform Bach's Prelude and Fugue in G Minor, W.T.C. Vol. 1; Brahms' Sonatas in C Major, Opus 11; and Prokofiev's Sonata No. 3 in A Minor.

William Leland, graduate teaching assistant and candidate for the Doctor of Musical Arts degree in piano at the University of Cincinnati College-Conserv-atory, will give a doctoral recital on Friday evening, October 11, at 8:30 p.m. in Corbett Auditorium. He is a student of Mme. Olga Coman. He will perform the world premiere of "Penta-chord," a work in five movements by Dr. Scott Huxton, member CCM's composition faculty.

OFFICIAL STUDENT HEALTH INSURANCE PLAN

SPECIAL NOTICE

All known full-time students were mailed the details for voluntary enrollment in the official Student Health Insurance Plan in July and August. About 50% have returned the Option Cards. Many students have been unable to do so for a variety of reasons, apparently, such as vacations, work schedules, etc.

Every student is reminded that The University will not be paying, as in the past, those limited claims (memberships, after-hours out-patient emergency service, etc.) which greatly supplements the services provided by the University Student Health Service.

The arrangements for the late enrollment in the Student Health Plan are as follows:

1. The ENROLLMENT DEADLINE has been extended through Friday, October 18. (Coverage would become effective on the date your premium payment is received).

2. Your Participation in the program, or your request for the details, will be promptly handled - - - provided that you sill in and (a) mail the request form shown below or (b) personally enroll at the University Student Health Center.

TO: The McElroy-Minister Company (Plan Administrator)
50 East Broad Street
Columbus, Ohio 43215

Subj: University of Cincinnati Student Health Insurance Plan---School Year 1968-69

I wish to participate. My check or money order is enclosed for:

Single (one) Student @ $20.00
Student and Spouse @ $40.00
Student, Spouse and Children @ $50.00

Please forward the plan details.
