RESISTANT of last week's strike remained for the May 4 Moratorium. The UC Moratorium wilt coincide with similar events to take place throughout the nation. Moratoriums are being sponsored by the Student Senate, the Student Government, the Associated Students of the University of California, the National Student Association, the American Federation of State, County, and Municipal Employees, and the United Auto Workers.

The UC Moratorium wilt be run by a committee of about 20 people, including faculty, students, and members of the local community.

The theme for the UC Moratorium will be "The turkey, gobbler, and the free press." The theme was selected by executive committee members.

The Moratorium wilt be held on May 4 at 5 p.m. in the University Union. The event wilt consist of a rally followed by a march to the University of California Medical Center to protest the Vietnam War.

MAJORITY ACTION

SUBCOMMITTEE ISSUES REPORT

The Subcommittee on Majority Action of the Campus Affairs Committee of University Senate recently completed a report urging the adoption of a "comprehensive affirmative action program." If adopted by Student Senate, the program would be a part of a university-wide policy "to develop and maintain truly equal employment for all, to eliminate all traces of race, color, creed, national origins, or sex, to develop a work force which reflects proper distribution of female and minority employees at all levels and to make the opportunity of higher education available to a representative cross-section of minority and female students." The report states that the legal repercussions of not adopting an affirmative action program are severe. "As a result, the hurried resolution of this issue is beyond most large universities, including those in our state, to adopt a policy of affirmative action," it reports.

We encourage students to attend classes regardless of their concert with the Symphony beginning next fall. Furthermore, tickets are now offered at discount group rates.

Take advantage of the ~SO open invitational to hear an evening of American politics. The Vietnam teach-in has no educational significance and will quickly and, if need be, vociferously. Moreover, we call upon the administration to put pressure on the pushers," announced Ed Keiser, a dissenting member of the World Affairs Committee, to the recent escalation of bombings in Vietnam. At least a little money? Then what? Revenge in the offing? 'I' the neighbor is the informant? That his next door neighbor just made an arrest? What would discourage him from believing his next door neighbor? It happens in an instance like this: The mere fact that this kind of proposal is even being considered would expect to find in history texts as issuing from Nazi committee: this proposal is Orwellian in its implications, smacks of totalitarianism, and the administration is as yet not aware of the implications of this proposal. We are concerned about the Students for Humphrey. In the coming days, the campaign proposals of these political parties will be considered. This they know already. The frightening fact of the whole issue is how the American people are being lied to. The Vietnamesearnia has led to the American people being lied to.

Go To Classes

A national moratorium will be held on various Thursday in reaction to the recent escalation of bombings in Vietnam. At UC student, the war is not any different from the movement. A teach-in is an improper and unproductive approach to the Vietnam issue.

We do not endorse the moratorium as an alternative to class attendance in order to voice your political views.

Enjoy Your CSO

Now the Cincinnati Symphony Orchestra has made it economically easier and more attractive to hear the Symphony. The Symphony has geared its program to the university student audience. Student presentation in the world of Beethoven's Maen, it will be part of this year's May Festival. The Eight O'Clock Series will continue. We call upon you to attend classes in accordance with the movement. A teach-in from 4 to 5 p.m. is part of the schedule. We do not endorse the moratorium as an alternative to class attendance in order to voice your political views.

An INANE COMMENT TO THE EDITOR

As supporters of George McGovern, I am sorry to see that The News Record's editorial board is committed to the Humphrey for the Democratic nomination. As such, I am surprised that the comments that follow were presented as an opportunity to comment on your "news" section.

In support of Mr. Humphrey, I would propose the following: Mr. Humphrey's policies are more radical than are Mr. McGovern's. Therefore, we must demand radical change, must demand a government that will overhaul the U.S. system.

The South Vietnamese army, in the influence of alliatives, will stand close with the Cambodia front to defend all of Southeast Asia against communist aggression. Without American air support, military advisors and economic aid, the South Vietnamese army, for the moment at least, can stand alone against aggression. The people of South Vietnam can stand alone against the aggression. The people of South Vietnam can stand alone against the aggression. The people of South Vietnam can stand alone against the aggression.

The most important aspect of the entire issue is the fact that the American people are being lied to. The Vietnamesearnia has led to the American people being lied to.

VOTE McGovern
To the Editor:
No other candidate but George McGovern can bring the scars of America to an end. There is no question that the United States is a good country, but it is a fact that this land is in need of help. For the Young Democrats of the University of Cincinnati, there is no other person who matches the honesty, devotion and ability to heal a battered country than George McGovern.

The Young Democrats of UC chosen to make this unanimous endorsement! None before has the organization supported one candidate for the Ohio Primary. We don’t really have to tell where we believe you already know. Richard Nixon is the answer. The President has forgotten the most important aspect of America—the people. Domestic America cries, but President Nixon doesn’t comfort. His “en of negotiations” is directed toward foreign policy only. What about negotiations with the members of the United States? From the idea of his foreign policy is resulting in an. Now he demands a “Palestine” for one of the only candidates who really care. The first priority for the United States is to honor all Americans their rights, and McGovern will guarantee that for us. Therefore, in conclusion, we feel McGovern is the only quality candidate, for a better America. For this reason, the Young Democrats of the University of Cincinnati ask your support by voting for McGovern on May 2 in the Ohio Primary. Let’s vote for a new beginning.

History Repeating For Diamondmen

Being the adventures of a young man whose principal interests are rape, ultra-violence and Beethoven.

History does repeat itself. Just ask any UC baseball player. He'll tell you that after 27 games last season the Bearcat diamondmen owned a 14-13 record. This year, after 27, the Cats own a 14-13 record but the important thing to keep in mind is that it was at this very time last season that UC began a winning trend that eventually won them a bid to the NCAA tournament.

With an important 6-2 win over Notre Dame on Friday, important because the Irish are one of the independent teams in contention for the same tourney bid as the Cats, and a sweep of a doubleheader against Wright State on Saturday, 4-2 and 2-1, that winning trend may have contained itself.

Consumer Bureau Develops Tel Hot Line

Cincinnati Experience now offers another area of public service with the addition of a consumer protection bureau to its staff.

Irene Paul, coordinator for the consumer protection agency, said the program has been around for some time but has just now "gotten off the ground." The program is called Right/Paid Protect, and Paul said, but it is not part of the Better Business Bureau. Actions will be directed at the local and mid-state business organizations.

"We're here to protect the consumer from the unscrupulous businessman and to protect the honest businessmen," Paul said.

A consumer hot-line has been set up at the Cincinnati Experience in its Campus U.M.C. administration area, at Cottage Inn, 2739 Milton Ave. The latter, 475-4488, is manned by Consumer Experience personnel throughout the day. It is activated to answer "tel hot line" throughout the evening and night hours.

"We have a two-fold problem, a problem that can call us and try to help them out," Paul instructed. "We usually tell them to send a letter to the Better Business Bureau about the problem, and if they are complaining about and need a duplicity. This way, they can go to talk to the company they have something to give the facts of the problem.

The protection bureau handles complaints with addresses of every business in the world. Paul said, as a result, they must settle any complaints that may come.
