Concerned about bicycles, students came to meetings to discuss options for bicycle racks on campus. Students came because new racks, which are in demand, are needed on campus. Bicycle racks were ordered and new, larger parking facilities were recommended to support the growing number of bicycle users on campus. In order to accommodate the increasing number of bicycle users, the University has placed new bicycle racks in the Student Parking Area, including the Quad, Library, and Main Campus sidewalks. These new racks will be available to student use and will be located at key points on campus, including the Quad and Main Campus sidewalks.

The Arts and Sciences Tribunal named a new faculty advisor, five freshmen representatives, and an editor for its Thursday meeting.

"Properly," he continued, "the University should expect much of President Bennis. "You should expect me to be the one who sees all those values we are universities and colleges have grown to capable of inspiring in others: an examined life, a spirit of inquiry and genuine experimentation, a life based on discovering new realities, of taking risks, weathering occasional defeat, and not fearing the surprise of the future," he continued.

"We desire a university in which faculty as well as students are able to realize an atmosphere in which faculty and students, he said.

Aboushi, associate professor of political science, replaces John Warren, associate professor of Geology, as faculty advisor. Warren will sit as the A&S next year.

The five freshmen representatives, picked from six applicants are Joseph Bedick, Mark Eisele, Randy Freeman, Bob Bellenger, and Mike Low Bligh.

15 Frats Save Cans and Bottles

Within the last two or three weeks fraternity men have been saving their tin cans, metal cans, aluminum cans and bottle caps.

Steve Mason, (Eng. pre-junior) Lambda Chi Alpha, and sophomore member, is starting a recycling program involving fifteen fraternities. He got the idea last year when he was a member of the Public Relations Action Group, organized by Ralph Nacks, which set up recycling bins for the public light consumer concerns.

W. C. Gore Chemicals, Padilco Rd., donated 20 large metal barrels, which are being passed and distributed by the Public Relations Action Group,sponsoring recycling. Twining's Hardware, 206 W. Main St., is distributing two gallons of DuPont paint. Once a week UC's Department of the Physical Plant will pick up the barrels and take them to the Recycling Center, St. Clair St.

"We would eventually like to expand this program to the sororities and dorms. The program has not officially started yet and already from the fraternities and caps, and Mason.

**Letters To The Editor**

**To The Editor:**

I would like to thank those faculty and staff who attended the Forum during the Wednesday afternoon open forum. I believe the meeting was extremely helpful in developing my understanding of this institution from the perspective of the graduate students. In fact, this form of dialogue might be helpful to other institutions as well.

In order to eliminate some of the distractions and wandering, we instructors have accompanied the Open Houses, and I am using the time effectively. I am grateful that the faculty are accommodations the Open Houses as well.

The two most important statements are the comments made by Mr. Smith, the first Dean of Students who handled this matter, and the second Dean, Mr. Smith.

We believe that the forum was a success, and we should continue to hold such forums on a regular basis.

**To The Editor:**

I am writing to respond to the letter in the November 1, 1971 issue of the *University News Record* that discussed the issue of student governance. In particular, I would like to address the concerns raised by Mr. Jones, a member of the Student Senate.

Mr. Jones raised several important points in his letter. First, he argued that the Student Senate is not representative of the student body and that the Senate fails to address the needs of the majority of students. Second, he claimed that the Senate is a waste of time and resources and that it is not an effective body for decision-making.

I would like to respond to these concerns by pointing out that the Student Senate is a valuable and necessary institution. The Senate serves as a platform for students to express their views and to participate in the governance of the University. It also provides a mechanism for students to hold the administration accountable for its actions.

We believe that the Senate is an effective body for decision-making. The Senate has the authority to make decisions on a wide range of issues, including the allocation of student fees, the establishment of new programs, and the development of policies and procedures.

We understand the concerns raised by Mr. Jones, but we believe that the Senate is an important and valuable institution. We urge the University community to support and participate in the work of the Senate.

CMC Operas Shine

by Maurice Less

CMC’s Mill-Productions has scored a success in the first of two weekends of opera and musical comedy. Presented this weekend were the operas, “The Women” and “The Spanish Hour.”

The first is literally a musical fantasy, a melodrama of intrigue between mother and wife over possession of choosing a lover. It is not at all contemporary in attitude, but is interesting as a comparison to some later-day consciousness. Ravel’s score demonstrates his usual skill in composition, strengthening the plot and mouthing the mood.

At the Sunday performance, outstanding performances were given by the entire cast of “The Women.” The leading characters, Elizabeth Outwin and Barbara Daniels, were generally excellent. Acting and singing were generally good. The sisters, who are singing, were particularly well performed.

You haven’t seen too far to get where you are today. He has long been been in ten opera, ten couple, ten season, ten transformation, and ten diamond. The diamonds will not differ from these.

“To seek your path in your own place.” In the face of the entire world, a man seeks, on a stage, a path, a personal path. The world, the path, the personal path are never the same. The path changes, the world changes, the personal path changes dependently—just like the world.

Fear not, learn excellence. The crimes of any age are not a problem of too much pride but that sense of pride is a necessary evil. The world, the path, the personal path are always changing dependently—just like the world.

ALBERT (MARK C. KRUNE) stays in his role (Holly Johnson Schwartz) in CMC’s “THE 24TH HOUR.” Today and Saturday at 8:30 p.m. in Corbett, Tickets are $1 at TUC Ticket Office. It is recommended that you get your tickets early.

Paving that they are worthy of the distinction as the nation's best goal-line teams, UC's outstanding defensive unit kept the pressure on North Texas State's quarterbacks to squelch the Texan's aerial threats both on the ground as State lost the ball were on the other end of those stings as the nation's best goal.

They always seem to be able to bounce back after a loss and do it a good job.

But now the North Texas Victory must be forgotten. This was the Cats route to Athens, Ohio to beat a highly charged team of OSU Bears.
